Hide-and-seek With Death

They have seen the sight feared by the thousands of refugees who toiled along Belgium's roads—a German warplane in the sky above them. The bicycle, with their scant belongings, is abandoned as the two men tumble into the roadside ditch. The old woman—still wearing her kitchen apron—clings fearfully to the protective trunk of a huge tree. Photo passed by British censor.

King Praises Forces in Great Fight

British Battling On Move to Coast

LONDON (CP) — The War Office tonight announced the King had sent a message to the commander-in-chief of the British Expeditionary Force saying:

"All your countrymen have been following with pride and admiration the courageous resistance of the British Expeditionary Force during the continuous fighting of the last fortnight.

"Placed by circumstances out of their control in a position of extreme difficulty, they are displaying a gallantry that has never been surpassed in the annals of the British army.

"The hearts of everyone of us at home are with you and your magnificent troops in this hour of peril."

Determined To Uphold Tradition

The commander-in-chief, General Viscount Gort, V.C., replied:

"The commander-in-chief with humble duty begs leave on behalf of all ranks of the British Expeditionary Force to thank Your Majesty for your message. May I assure Your Majesty that the army is doing all in its power to live up to its proud tradition and is immensely encouraged at this critical moment by the words of Your Majesty's telegram."

Reliable sources earlier today described the British Expeditionary Force in Flanders as fighting a "stiff rear guard action" to cover the withdrawal toward the coast.

The B.E.F., still intact, has succeeded in establishing a definite line and is putting up strong opposition, it was added.

It was "almost certain" that any equipment and material which may have to be abandoned will be destroyed to prevent its falling into German hands, a spokesman said.

(Earlier it had been stated that a majority of the equipment belonging to the B.E.F. was not in the northern pocket but safe behind the French lines south of the Somme.)

British troops are fighting in complete order, with no chaos or confusion, it was added. Their morale remains "quite unshaken."

Although these circles said it was impossible to say exactly where the troops are, they declare the British army, despite more than a day's bombing, strafing and shelling, had not lost its cohesion.

Furthermore, it was said to be admirably supported and helped by the French forces in that sector.

R.A.F. Bags 22 Near Dunkerque

An Air Ministry statement tonight said:

"The Royal Air Force continues to give all the support in its power to the Allied armies in northeastern France and Belgium. Railways, roads, bridges and enemy troops have been continuously attacked yesterday, last night and today by medium and heavy bombers.

"The enemy's advance has been considerably harassed and impeded by these attacks. One of our bombers has failed to return. Our fighters have been engaged in offensive patrols over the French coast throughout today.

"Near Dunkerque this evening a formation of Hurricanes and Defiants engaged large forces of enemy bombers heavily escorted by fighters.

"At least 22 enemy aircraft were shot down. All our aircraft returned."

British Bombers Pounding Enemy

WITH THE ROYAL AIR FORCE IN FRANCE (CP) — Low-diving British bombers are hitting hard and often to ease the fierce German pressure on Allied troops fighting a way out of Flanders.

German transport columns, tanks and armored convoy trucks were attacked repeatedly today with bombs and machine-gun fire by planes which plunged as low as 500 feet over their targets.

Infantry columns also were raked with a withering fire in unceasing raids.

Pilots said that in some cases the Germans tried to fight back with machine guns and rifles.

In one low-flying attack a convoy of 30 lorries was attacked and men were seen to topple from the wagons into the road.

Last night, despite bad weather, the fliers reported blasting railroads behind the German lines and shooting out concentrations of German anti-aircraft searchlights.

Final Bulletins

FIGHT HEROICALLY

PARIS (AP) — The French communique tonight said:

"French and British fighting in the north of France are undergoing with a heroism worthy of their traditions a struggle of exceptional intensity."

Victorian Wounded

LONDON (AP)—Aircraftsman W. J. Cavett, Victoria, B.C., was reported wounded in a list of casualties issued tonight by the Air Ministry.

Reeve Threatened

TORONTO (CP)—Reeve B. L. Clutterbuck of Scarboro Township was warned "to keep his mouth shut or be blown to ——," it was learned this afternoon. The reeve recently referred to subversive elements in the township as "vermin."

Recruit Home Guard

EDMONTON (CP)—Recruiting of 250 ex-servicemen as Alberta's strength in the Canadian Veterans' Home Defence Guard, to be formed to combat possible fifth column activities, will start tomorrow or Friday, according to Brigadier C. E. Connolly, officer commanding Military District No. 13.

Japan on Fence

TOKYO (CP-Havas) — "Japan will not take sides either with Germany or the Allies," the foreign office spokesman said today at the regular press conference.

"There is no change of Japanese policy toward the European war," he said, "as well as to the new Central Chinese government, notwithstanding rumors to the contrary."

Attacked Trotsky?

MEXICO CITY (AP) — Detention of the chauffeur of Diego Rivera, celebrated Mexican murals painter, was announced by police this evening.

The painter's station wagon also was taken to a police station for examination.

No explanation was offered by authorities, other than that the chauffeur was being "questioned" about a "certain case" in which a station wagon "figured."

Rivera was not at home at the time.

Dwarfs TNT

WASHINGTON (AP) — The Senate naval committee said today that "a reputable scientist" had reported discovery of an explosive approximately 100 times more powerful that TNT, most destructive of explosives used in the first Great War.

Speed Imports

CANBERRA, Australia (CP-Reuters)—Australia and France today reached an agreement for removal of wartime import restrictions on each other's goods

ODLUM FLIES EAST

VANCOUVER (CP) — Major-Gen. Victor W. Odlum, commander of the 2nd Division, today boarded a plane for Ottawa after receiving an urgent call to return to the capital.

"I received the call and I must go, that's all I know at the moment," said Gen. Odlum. "But evidently something is urgent."

He had planned staying with his family here until next week.

His wife and two of his three soldier sons, Major Roger Odlum and Capt. Nelson Odlum, were among those who bade him farewell at the airport.

100,000 Killed

PARIS (AP) — Belgian cabinet ministers here tonight said the Belgians estimate that in the first eight days of the war 100,000 of their soldiers were killed. There are no figures on later casualties.

Highway Road Vote

WASHINGTON (AP) — A bill extending operations of the United States section of the British Columbia-Alaska Highway Commision for four years from next Friday was passed by the Senate today and sent to the White House for President Roosevelt's signature.

Pro-Fascists Held

TORONTO (CP)—Joseph C. Farr, organizer of the National Unity Party, and John M. Lorimer, said by police to be a member of the allegedly pro-Fascist organization, were arrested today.

New Legion Head

MONTREAL (CP) — Alex Walker of Calgary was elected Dominion president of the Canadian Legion at the annual convention here this afternoon, succeeding Brigadier W. W. Foster of Vancouver.

Plane Supremacy For Allies Foreseen

LONDON (CP) — A spurt in aviation manufacture will soon give the Royal Air Force a numerical edge over the Nazi air arm, The Times of London predicted today in a review of the situation created by King Leopold's capitulation.

The superiority of the Allied air forces, The Times declared, will be one of the vital factors in obtaining victory. The newspaper emphasized that Allied naval forces are still masters of the seas and are pitilessly hammering at Germany's economic position.

U.S. PLANES IN ACTION

PARIS (AP) — A government spokesman today said American airplanes are now arriving in France "in considerable quantities" and are showing their superiority in action over "anything on the front."

Canada Must Depend on Itself

Complete Armament Overhaul Under Way

By BRUCE HUTCHISON

OTTAWA—Canada must depend upon itself and no longer on Great Britain for the machinery of modern warfare. This is the overshadowing fact emerging from frank discussion in the House of Commons last night and it means that Canada now faces a complete overhaul of its entire armament plans. The overhaul, it was revealed, is now under way. For the present Britain no longer can carry out all its original undertaking to supply Canada with war machinery. This revelation, though it was expected in the light of news from the battle front, made a sobered Parliament realize for the first time how grave is the problem, how vast the industrial reorganization, ahead of this country.

Again and again the government revealed the utterly changed situation of Canada today, apparently to let Parliament and the people know what they are up against, what will be expected of them.

At the same time the government made clear that it was exploring every possible source of armament supply including the United States. It has even gone to the extent of adopting certain American types of airplanes, though their parts are not interchangeable with those of Britain.

Adding up all the statements of cabinet ministers to the Commons you find that the government is virtually tackling the whole armament problem as it relates to such things as airplanes and tanks from the ground up. This it is compelled to do by the present pressure on Britain and Britain's inability to ship its precious planes and war machines overseas for training or other purposes.

Hon. C. D. Howe, the hard-driving businessman who heads the government's supply department, put the new situation bluntly in these words:

"I may say that since the position of Britain as a supplier of Canada has changed, the Department of Munitions and Supply is making strenuous efforts to review production of such war material as it had been dependent upon Great Britain for. We are replacing certain supplies by obtaining them from the United States instead of from Great Britain, and we are reviewing our whole purchasing program."

Mr. Howe explained that, originally, Canada had thought it best to concentrate on the production of materials most efficiently produced here, and to count on Great Britain for machinery best produced there, but "we are revising that policy in the light of the existing situation, and we anticipate that there will be a speeding up of production and an opening up in Canada of new lines of production, just as rapidly as they can be organized."

MILITARY SECRET

What the government is doing about the purchase of planes in the United States or producing them here is a military secret at the moment, but Mr. Howe, admitting that original plans had been "disorganized considerably," declared great progress had been made already in reorganizing the program and "at the moment we have the situation well in hand," but no one sought to minimize the difficulty of getting supplies from the United States, which is desperately trying to arm itself after years of delay, or the equal difficulty of creating factories and complicated processes for the manufacture of planes, tanks and other mechanized equipment in Canada.

For example, Canada has never made airplane engines in the past and has counted upon getting them in the United States. For the Empire Air Training Plan engines were to come from Britain. Mr. Howe told Parliament that Britain, temporarily at least, will not be able to supply certain engines.

Howard Green, Vancouver South, summed up the House's interpretations of all these statements when he said "it seems fairly obvious now that it will not be possible for us to get equipment in Great Britain."

Some of the technical problems facing Canada in its new armament program were outlined by Mr. Howe when he explained that there is no industry in Canada which alone could make a tank in anything like six months. Even in the United States tank production is amazingly small and the problem of building tanks is one that will challenge the whole industry of Canada even if we had certain assistance from other countries which is not presently available, Mr. Howe said.

So far no tanks have been ordered in Canada. Mr. Howe said Britain had placed a tank order here last October, and then held it up so that it could change the mechanism. The Canadian government has heard no more of the order and Canada is now "waiting for reopening of that subject." Meanwhile, Mr. Howe said, his department was inquiring about supplies of tanks in the United States, but he would go no further than that.

Hon. Norman Rogers, Minister of National Defence, explained that some tanks are in Canada for use in training of troops.

In the airplane problem, Mr. Howe said, it could be simpler to follow American than British designs but it was highly desirable to use the latter so that Canadian planes and their parts would be interchangeable with those of Britain in warfare. Mr. Howe revealed that Canada was now working on American standards where possible.

"We find," he said, "United States airplanes are simpler to build and we can get better support for our industry in the United States."

He announced also that Canada had a representative in Washington, D.C., to arrange for supplies of machine tools for Canadian factories but excellent progress had been made in building these tools in Canada.

Mr. Howe was out of Parliament Monday. It is reported he flew to New York to investigate first-hand sources of American supply as part of his reorganized program.

U.S. MOVE SPEEDS PLANES TO ALLIES

WASHINGTON (AP) — Cordell Hull, United States Secretary of State, making a ruling designed to speed up delivery of American war planes to the Allies, held today that United States citizens may travel in belligerent aircraft over the Canadian provinces of New Brunswick, Nova Scotia and Prince Edward Island.

Previously this was forbidden by a neutrality regulation.

Mr. Hull's action means that American pilots now may fly American-made planes to the Canadian border, where transfer of title takes place and the planes are pushed across the border. The same pilots then can re-enter and fly the planes across Canada to New Brunswick, Nova Scotia and Prince Edward Island in the easternmost part of Canada.

From there they can be loaded in ships or flown—not by American pilots, however — across the Atlantic.

Previously an American pilot had to bring a plane down west of the eastern provinces, and a Canadian pilot had to pick it up for the last lap of the journey.

The new regulation, some experts said, should facilitate flying U.S. bombers across the Atlantic if the British authorities decide to use this method as a regular means for faster delivery.

PARLIAMENT HOUSES GIVEN MORE GUARDS

LONDON (CP)—The Speaker informed the House of Commons today that special security measures are being instituted to safeguard the Houses of Parliament. Hereafter, he said, passes will be required for all members and others with business in the Houses.

AT OTTAWA

OTTAWA (CP)—Special precautions have been taken here since the start of the war to guard the Centre Block, where the Senate and the House of Commons are located, although the restrictions are not as severe as those announced in London today for the British Houses of Parliament.

Signs outside the doors inform visitors that entrance is forbidden except to persons on official business and everyone entering is closely scrutinized by guards.

Queries Gas Appeal

OTTAWA (CP)—A. W. Neill, Independent, Comox-Alberni, gave notice today he would ask the government shortly whether steps would be taken to carry the decision of the Supreme Court of Canada on British Columbia price-fixing legislation to the Privy Council in London.

He referred to the Supreme Court's judgment confirming the right of the provincial government to appoint a board to fix gasoline prices, followed by refusal of oil companies to supply gasoline to retailers at the price fixed till an arrangement was made.

Not in Lisbon

LISBON (AP)—The Belgian legation tonight denied French reports that the children of King Leopold are here or are coming to Portugal.

Preparing for Big Push—

French Pressure Gains in South

PARIS (AP)—The Allied rear guard is fighting German troops in the streets of Lille, the War Ministry spokesman said tonight, while the main northern forces withdraw toward the Channel coast.

The spokesman pictured the street at Lille as a fierce delaying action to cover the withdrawal from the Flanders pocket. (The German high command had claimed that Lille had fallen.)

The northern forces were said to be moving toward Dunkerque, some 50 miles from Lille, while this rearguard action was being fought.

Calais — claimed by the Germans — was said by the French tonight to be only partly occupied by the invaders. The War Ministry spokesman declared some French troops were holding out there.

The main German attack was reported directed toward Cassel, northwest of Lille and south of Dunkerque.

Naval Forces Help Hold Dunkerque

The spokesman said French naval forces under Vice-Admiral Abrial had the situation in hand at Dunkerque.

The Belgian army which surrendered yesterday morning under orders from King Leopold had made up half of the Allied armies in the north, the War Ministry spokesman said.

(The Belgian force has been estimated at 300,000 men.)

Dunkerque, northeast of Calais, was being fortified by French and British navy engineers. Ships were reported bringing a steady stream of food and war supplies to Dunkerque.

The main French army carried on continuous operations on a great consolidated front along the Somme to the Aisne.

These operations to the south, which the French authorities cautiously have called "important," apparently are aimed for the moment at wiping out the last German pockets as part of a general push forward in an effort to relieve the northern forces.

Whether such an offensive had gone beyond this preliminary stage is not clear.

Three villages south of the Somme have been recaptured and French troops likewise have succeeded in eliminating all but a few bridgehead positions previously occupied by the enemy.

French Win Back Most of Amiens

Most of Amiens is said now to be in French hands and a German raid on French positions in the Ardennes sector near the town of Chateau Porcien was thrown back, said a communique, by heavy French fire. The Maginot Line area to the east remained quiet.

But, however, important was this operation of the southern Allied wing, it was overshadowed in the great drama of the north.

The battle in the Flanders pocket was described by a war minister spokesman as "murderous," but he gave no indication of the turn it was taking.

Along the Channel, it was said, Dunkerque itself "is not directly menaced."

The French and British air forces violently attacked fuel reserves at the north German ports of Bremen and Hamburg as well as communication centres and armored columns behind the German lines, according to the War Ministry.

Fighting in the northern sector was described as "extremely violent" on the Lys River, which runs through the area in which the Allied forces have been almost encircled by the swift German troops and left alone by the surrender of King Leopold's Belgian army.

Maginot Guns Cut Nazi Railway

Along the Rhine the French opened a terrific artillery fire which shattered a railway line and an unidentified station, the spokesman said.

German troops were said to have been repulsed "without difficulty" when they struck at the French forces along the Aisne in the vicinity of Chateau Porcien.

The high command communique said the Germans were "thrown back" at that village, which lies on the river five miles west of Rethel, which for about a week has been the southern point of the German drive in this region.

The battle lines of the Allied army of the north were reported to be changing almost hourly as superior German forces swept over ground abandoned by 15 Belgian divisions which capitulated yesterday on orders of their king.

French sources said, however, that more than 30 miles of Channel coast, stretching northward from Dunkerque, still remained in Allied hands and asserted the pocketed troops were continuing to fight with "determination."

2,000 Nazi Tanks, 2,000 Planes Destroyed

PARIS (AP) — French military experts this evening said Germany had lost at least 2,000 of its estimated total of 5,000 tanks and at least 2,000 planes, or nearly half the first line aviation believed held by the Nazis at the outbreak of the war.

POST FOR CRIPPS

MOSCOW (AP) — The Soviet radio announced tonight the government has informed Great Britain that the sending here of Sir Stafford Cripps as a special trade envoy is not acceptable to Russia.

Premier Vyacheslaff Molotoff the radio said, told Britain through the Soviet embassy in London that Russia could not accept Sir Stafford or any other person on such a mission and that if the British government desired to conduct trade negotiations it should do so through Sir William Seeds, British Ambassador to Russia, or anyone who might be appointed in his place.

Ambassador Seeds returned to England in January on what was described as a long-delayed furlough. The British Embassy here is headed by a charge d'affaires.

LONDON (CP) — Britain is likely to name Sir Stafford Cripps as ambassador to Moscow, a usually well-informed source said tonight.

Sail for Lisbon

WASHINGTON (AP) — Three United States warships were en route today to Lisbon, Portugal, where the navy said they would join the Atlantic squadron "for the protection of American interests" abroad.

Italy Regroups Home Forces As Troops Called

ROME (AP)—Italy's war fervor heightened today with the Belgian collapse on the Western Front, and active Italian intervention into the conflict seemed to many to be but a question of days.

Civilians began to take over some of the posts left vacant by men called to arms and the government prepared to make many other such replacements in case a civil mobilization is put into effect.

Government offices are prepared to substitute pension employees for men called to arms in event of civil mobilization.

A million and a half volunteers —women and minors enlisted through the Fascist Party—are prepared to take over special jobs at a moment's notice. Many will be employed in the industries and agriculture to replace soldiers.

WOMEN DRIVE CARS

The party's plans for putting civilians to work cover a widespread network. Seamstresses will be put to work making uniforms. Women who know how to drive cars will be pressed into that line of work.

Party leaders estimated that a total of 10,000,000 non-combatants soon would be functioning in what they called a "second army."

The newspaper La Tribuna headlined a Paris story in this fashion: "Paris deceiving itself that situation may be repaired by dropping blockade policy."

The newspaper wrote scornfully of the chances of such an attempt being successful "with or without indemnity for the damage already suffered."

TROOPS AT BORDER

ISTANBUL (CP-Havas)—With Bulgaria reported massing troops on the Thracian border, Turkey today was understood to be speeding troops to its own Greek frontier to match the threat from Sofia.

BOMB OUTRAGE BRINGS DRIVE CALL

VERNON, B.C. (CP)—Provincial Police today investigated statements by Legion members that a car containing a number of strangers was seen outside the Canadian Legion Hall shortly before a bomb explosion demolished an ashcan behind the building last night.

Officers believed the bomb was made of stumping powder packed in a kettle. Several windows in the rear of the hall were shattered.

ACTION URGED

MONTREAL (CP)—Explosion of a home-made bomb at the rear of the Canadian Legion Hall in Vernon, B.C., last night brings home the "gravity" of the situation, said a telegram read today at the Canadian Legion's Dominion convention here.

The telegram, sent to a Vernon delegate by President James J. Mowat of the Vernon branch, said:

"Concussion terrific but no casualties . . . No doubt this was a malicious attempt to curtail our endeavors. Demand action to counteract fifth column activities immediately."

B.C. Pilots Missing

VERNON, B.C. (CP)—Flying Officer Bob Weatherill and Pilot Officer Lorne Chambers of the Royal Air Force have been reported as missing in cables reaching here from the British Air Ministry in the last 12 hours.

Today Mr. and Mrs. H. O. Weatherill received word that their son, who has been in the air force four years, was missing after air operations on May 18.

Last night E. J. Chambers, president of the Associated Growers of British Columbia, was advised that his son was missing in France. Pilot Officer Chambers was serving with the Canadian squadron of the R.A.F. in France —having left here two years ago.

Session in Paris

Belgian Assembly To Rule on Leopold

PARIS (AP) — The legal fate of Leopold III as King of the Belgians will be decided Friday by the Belgian Parliament.

The Parliament, in emergency session in Paris, already has approved the action of Leopold's cabinet yesterday in "disowning" him as sovereign because of his surrender to Germany.

A dispatch from the Belgian frontier reported Leopold had been returned to the Brussels palace by the German army.

For Friday's session the Parliament will meet in the Paris City Hall. There, besides taking up formal action on the king, new statutes for the government of the refugee peoples of invaded Belgium will be drawn up.

The Paris press quoted informed circles as saying Belgium's gold was removed safely from the country and will be at the disposal of the new government.

CHILDREN AT LISBON

PARIS (AP)—The newspaper Paris Soir reported today the Belgian royal children have arrived in Lisbon, where they are expected to remain for the rest of the war. A Lisbon dispatch said they left Cahors, France, by automobile last Sunday.

TREASON, SAYS MAETERLINCK

LISBON (CP-Havas) — "Unthinkable! My spirit and my heart refuse to believe this report," Belgium's man of letters, 78-year-old Count Maurice Maeterlinck, said here when he was informed of King Leopold's surrender.

"There has been no treason like this in history," he said. "It is the German blood which suddenly has cropped up in the veins of the king, who is a Belgian only in name. Was this treason premeditated as the circumstances lead us to suppose?

"In that case what still remains unexplainable is its stupidity, its baseness. How could the Belgian army follow the abominable example of the one who was its leader? Through error?

"The name of Judas is still too good to describe his act. The Belgian government by its stand may save the honor and name of Belgium."

SWEDISH OPINION

STOCKHOLM (CP-Havas) — The surrender of King Leopold of Belgium was severely criticized today by Swedish newspapers.

However, the king's action was treated with some reserve because of the popularity of his Swedish wife, Queen Astrid, who was killed in an automobile accident in 1935.

The Dagens Nyheter said the existence of Belgium as an independent state is contingent on an Allied victory.

INFLUENCED BY ITALY

BELGRADE, Jugoslavia (CP-Havas)—Italian influence played a large part in King Leopold's capitulation, the newspapers Vreme and Politika suggested today in dispatches from Berlin.

The Berlin correspondent of Politika attached much significance to the fact the Italian Crown Princess is Leopold's sister.

WHEREABOUTS

BERLIN (AP) — Whereabouts of King Leopold of the Belgians is kept a secret, authorized German sources said today. It was announced in Berlin yesterday that he had been assigned a Belgian castle to stay in following his order to his army to capitulate to Germany.

RUMANIAN VIEWS

BUCHAREST (CP-Havas) — Guarded comment today marked the reaction of the Rumanian press to King Leopold's capitulation.

"It is not up to us to comment on Leopold's decision," wrote the Universal. "The facts speak for themselves. The Allied armies are continuing to resist with marked discipline."

Saying Rumania must concentrate on guarding her own interests, the Curentul said:

"It is evident so far that the Allied command has been unable to wrest the initiative in operations from the hands of the German command. It is a most difficult moment for Gen. Weygand."

Admiral of the Fleet Sir Roger Keyes, who served as special British liaison officer to Belgium since the German invasion of the Low Countries, said in the lobby of the House of Commons last night after his return to London:

"Some very hard things have been said in England and France about the action taken by the King of the Belgians in bringing about a cessation of hostilities in that part of Belgium occupied by his troops. I trust that judgment will be suspended on a very gallant soldier until all the facts are known."

Hobble Aliens

LONDON (CP)—Activity of all aliens over 16 years of age, regardless of whether they are from an "enemy country," are drastically restricted under a new order effective June 3.

The order provides that unless aliens have police permits they must stay at home from midnight to 6 a.m. in London and from 10.30 p.m. to 6 a.m. elsewhere in the United Kingdom.

They are forbidden to own or control a bicycle, motor vehicle, seagoing craft or aircraft.

Those without settled residences must report to police on the day the order becomes effective. If an alien spends a night in a private home the householder is required to notify police.

Britons Watch Shores

LONDON (CP) — Harold Nicholson, Parliamentary Secretary to the Ministry of Information, told the British Empire in a broadcast today that the Germans "by employment of methods which did not exist in previous wars . . . may be able to land in Great Britain some thousands of their troops."

"But do not imagine," he added, "that a virile and unbending race of 45,000,000 people will for long allow some thousands of enemy troops to remain on our shores, or that these forces could maintain themselves for long against the overwhelming power of the fleet. We conquered them once and we will conquer them again."

Moffat Approved

WASHINGTON (AP) — President Roosevelt's appointment of Jay Pierrepont Moffat of New Hampshire as United States Minister to Canada, succeeding James H. R. Cromwell, resigned, won approval today of the Senate foreign relations committee.

GERMANS SINK COASTAL SHIPS

LONDON (CP) — Military circles confirmed today that German planes bombed and sank two coastal ships crossing the English Channel, with serious loss of life, several days ago.

It had previously been reported last Monday that the German air force was attacking hospital ships and that there had been serious loss of life.

Unlikely U.S. Scrap To Be Sent to Italy

NEW YORK (AP) — Italy has ordered 250,000 tons of steel scrap in the United States, trade sources reported today, but some dealers expressed doubt whether all of it would be shipped in view of a move in Congress to license war metal exports.

One scrap authority said he understood President Roosevelt under new defence measures would have broad powers to ban metal exports when deemed in the national interest.

If Italy enters the war soon, trade sources observed, probably little of it would be moved because shipping into the Mediterranean presumably would be blocked.

Actress Dies

LONDON (AP) — Mary Anderson de Navarro, 80-year-old American-born actress, ill several years, died in Worcestershire today.

Victory in Far North

Narvik and 2 Towns Now Held by British

LONDON (CP)—A joint Admiralty-War Office communique today said:

"Information has been received this morning that Narvik was captured last night by Allied forces and Fagernes and Forsneset also are in our hands."

Narvik, far northern Norwegian iron ore port, long the goal of Allied pressure by land and sea, had been in German hands virtually since the April 9 opening of the German invasion of Norway.

The garrison at one time was said to have numbered 3,000, but in recent days the German high command claimed to have reinforced it with mountain chasseurs and other troops dropped by parachute.

The strength of the Allied force —Norwegians, British and French —has not been stated.

The region around Narvik remained as the only Allied foothold in Norway following the withdrawal from Namsos and Andalsnes about the first of May.

The capture of Narvik gives the Allies a base on the Norwegian coast, above the Arctic Circle, which compares in proximity to Norway's important German-held cities with the latter's nearness to the British Isles.

For example, Narvik is about 400 miles from Trondheim, which in turn is approximately the same distance from the nearest point in the British Isles.

By ROBERT RIEFFEL

WITH THE ALLIED FORCES ON THE NARVIK FRONT, Norway (CP-Havas)—British warships sank seven small German troopships trying to land men near Harstad in the Tromsoe region, it was authoritatively disclosed today. The Nazi landing project, undertaken in an effort to widen the front and relieve Allied pressure on Narvik (later reported by the British as captured) was completely smashed.

The Germans made a similar unsuccessful attempt on the shores of Lyngefjord.

Allied officers reported that their air force in this sector has been substantially bolstered by reinforcements of pursuit and bombing planes.

In the last three days, they said, at least 11 German planes, including three bombers, have been downed.

The Germans meanwhile persistently attempted to reinforce their beleaguered Narvik garrison. About 175 Nazi parachutists —90 of them carrying arms, equipment and food supplies—dropped yesterday in the Bjoernefell region. Norwegian clean-up detachments were immediately dispatched to hunt them down.

Sixty German parachutists who landed at Balangen, south of Narvik, were annihilated by Polish expeditionary troops.

GERMAN ADMISSION

BERLIN (AP) — The German high command's communique today said:

"In Norway the enemy, supported by numerous warships, landed on the ore railway yesterday and entered Narvik from the north. German fighting units raided enemy naval forces lying there. One large battleship sustained a serious hit amidships and ceased firing after being enveloped in smoke. Three cruisers and one destroyer, as well as one freighter, were heavily hit by bombs. Troop disembarkations at Ankanes were attacked with many bombs.

(There was no confirmation in London for the German claim of having damaged British warships in Norwegian waters.)

FIGHT WAY OUT

STOCKHOLM (AP) — The Swedish News Agency said today 180 British officers and soldiers — cut off several weeks ago by the German advance north from Oslo — crossed into Sweden after fighting their way 75 miles to the frontier from the vicinity of Lillehammer, north of Oslo.

The soldiers, many suffering from exposure, were taken to hospitals and internment camps.

Rehabilitation Moves Proposed

MONTREAL (CP) — A long range plan of "assisted public works to be placed in action immediately at the close of the present war" was suggested today in a resolution passed by the Canadian Legion, which urged the Dominion government set up at once a committee to consider the problems of rehabilitation.

The Legion, on the third day of its four-day eighth Dominion convention, suggested the long range public works plan "be ready even to having the appropriation passed so that no delay will ensue."

The resolution stressed that returned soldiers could be used in the completion of "the needed public works which have been held up rightly" during the prosecution of the war; such as slum clearance; reforestation projects; highway construction, and "further electrification of country areas similar to that operating successfully in the Scandinavian countries."

Also urged in the resolution was that all members of the Canadian forces "be kept on the strength for a reasonable period to permit a gradual and economic demobilization with recruiting depots available for demobilization"; that the strength of the permanent forces be increased; that large employers of labor be approached to assist in rehabilitation of men of the Canadian Active Service Force after the war; and that citizens' committees be set up in all large communities to take a direct interest in the "return of the soldier to civilian life."

It was suggested that any returned soldiers placed as settlers under any future settlement scheme "be chosen with the greatest of care and the complete settlement scheme be so protected as to prevent any repetition of the political exploitation of the plan that was noted in the original placing on the land of many of the present soldier settlers.

The resolution suggested that provinces and municipalities refrain "as a patriotic duty" from introducing any new taxes during the war that the Dominion government "may be free to levy more heavily for the prosecution of the war."

LONDON (CP)—Clement Attlee, Lord Privy Seal, told the House of Commons today that 10,860 volunteers from Northern Ireland have joined the British forces since the war began.

Trinidad Round-up

PORT OF SPAIN, Trinidad (CP)—Thirteen persons detained in the government's drive to stamp out fifth column activities brought detentions on this island to 22. The new prisoners include Jewish refugees, Poles, Rumanians and nationals of other countries. Some of those rounded up are women.

Want Arms Registered

WASHINGTON (AP) — In a new blow at "fifth column" Attorney-General Jackson today suggested Congress immediately enact legislation to require the registration of all firearms in the United States.

"Such a step," Jackson said in a letter to Speaker Bankhead, Democrat, Alabama, "would be of great importance in the interest of national defence, as it would hamper the possible accumulation of firearms on the part of subversive groups."

Chamberlain Pilot Killed in Action

ATCHISON, Kas. (AP) — In September, 1938, Wing Comdr. Douglas King of the Royal Air Force flew Prime Minister Neville Chamberlain to Munich, Germany, for his conference with Adolf Hitler.

A year later came the war.

Now Mrs. King has been informed her husband was killed in action three weeks ago.

Mrs. King, an American, had lived 16 years in England before she came here to visit relatives.

Buy Link Trainers

OTTAWA (CP)—The British Air Ministry has placed a $1,500,000 order for Link Trainers with the Link Manufacturing Company of Gananoque, Ont., it was learned from the Department of Munitions and Supply. Britain to Speed Tank Production

LONDON (CP)—Herbert Morrison, Minister of Supply, today announced he had appointed a board headed by Sir Alexander Roger to increase Britain's production of tanks.

Mr. Morrison said the board would be asked to "proceed with all expedition possible in dealing with this urgent and vital matter" and to advise him of any action required.

When a member asked Mr. Morrison if he had "noted the havoc on the western front," he replied: "It is obvious that the experience gained during the recent hostilities must be taken fully into account."

Sir Alexander, chairman of British Insulated Cables Ltd. and director of the Midland Bank, was director of the motor ambulance department, British Red Cross, in 1914-15; director-general of the trench warfare supply department, ministry of munitions, in 1915-17, and a member of the council, ministry of reconstruction, in 1917-18.

Business Head Foresees Victory For Allies

WINNIPEG (CP) — Confidence in the ultimate victory of the Allies in the present conflict was expressed by D. R. Turnbull of Halifax in his presidential address at the opening luncheon of the 69th annual general meeting of the Canadian Manufacturers' Association here today. There was no doubt of victory if the utmost of the British Empire and France were brought to bear, he said.

Mr. Turnbull added: "It may well be that after this terrible conflict, when tyrannies are destroyed, civilization, being delivered from the threat of bondage and destruction, will experience another Renaissance."

ONLY FUTURE

The only future worth considering for Canada was that which would be assured by a victory for the British Empire and the French Republic, Mr. Turnbull declared.

He continued: "If they should go down to defeat — what is there left for us or for other freedom-loving countries? Any power or combination of powers that could defeat and destroy Britain and France could defeat and destroy any other nation or combination of nations — and dominate and enslave the world.

"When victory is achieved, and some time is allowed for the healing of the deep wounds of war, there may follow one of those great and glorious periods in human affairs, such as that which launched the British Empire after the overthrow of Spanish tyranny through the defeat of the Armada, or the wonderful 19th century that succeeded the downfall of Bonaparte. These were periods of great spiritual and intellectual development and of material prosperity."

Mr. Turnbull reviewed at some length the contribution which so far the great national producing departments, agriculture, mining, lumbering, fishing and manufacturing, had been making to the war effort of Canada and the Allies, laying particular emphasis on the important part played by agriculture. By recalling some of the remarkable achievements of 1914-1918, he indicated the potentialities of the greater and stronger industrial fabric of today.

"Up to the present," he pointed out, "the greater part of the additional production of supplies in Canada, arising out of war conditions, consists of food, timber, minerals and equipment for the troops, such as uniforms, greatcoats, blankets, boots and building materials for living quarters. A limited amount of work has been available up to date for the engineering and machinery shops, which make what are technically called munitions, such as shells, small arms ammunition, guns, and mechanical equipment. However, some educational orders for such products have been placed and surveys and plans are being made to increase the output."

Vancouver Veterans Seek Defence Arms

VANCOUVER (CP) — Vancouver war veterans paraded 3,000 strong through downtown Vancouver last night to a mass meeting in the Georgia Street Auditorium, where a resolution demanding a speed-up in Canada's war effort received unanimous endorsement.

The main resolution — sent earlier to Ottawa after a mass meeting of veterans and citizens here Sunday—asks mainly for the recruiting of seven additional divisions immediately and the internment of aliens of enemy origin.

Another resolution asking among other things that arms be supplied to volunteer home defence units, also received unanimous approval.

Every seat in the auditorium was filled and some of the 5,000 persons who gathered for the meeting were obliged to stand outside and hear the proceedings over a public address system.

Eire Reserves Added to Army On Defence Line

DUBLIN (AP) — Eire called up army reserves today and moved swiftly to put her forces on a war footing in the face of the grave situation confronting her neighbor, Britain.

Volunteers began applying for service at recruiting stations, but outwardly Dublin went on about its business pretty much as usual.

Clerks, shopkeepers, laborers and others in the reserve corps reported at the Collins Barracks and other designated depots for instructions.

The newly-formed defence committee of representatives of the government and opposition parties in the Dail met late today in its first session — a session out of which the first of several emergency measures are expected to be proclaimed.

Acceptance of Premier Eamon de Valera's call for unity by William T. Cosgrave, leader of the Fine Gael opposition party, and by the Labor opposition resulted in creation of the council representing all factions.

Seized Fascist Papers Studied at Ottawa

OTTAWA (CP) — Numerous papers and documents of a Fascist nature seized by Royal Canadian Mounted Police in Montreal are under study by an officer of the Quebec Attorney-General's department.

Justice Minister Lapointe so informed the Commons in replying to a question by Hon. H. A. Bruce, Conservative, Toronto-Parkdale, who asked if, in view of the recent arrest by British authorities of Sir Oswald Mosley, British Fascist leader, the Canadian government planned any steps in respect to Adrien Arcand, Montreal, national leader of the National Unity Party of Canada, and his chief lieutenant, Joseph Farr, Toronto.

Papers had been seized in Arcand's headquarters and in a number of homes in Montreal, the minister replied, and the department was in consultation with Quebec authorities on the situation.

Bombers From Ontario

TORONTO (CP)—Heavy four-motored bombing planes will be built near Toronto according to plans laid down by the federal air ministry in co-operation with the Ontario government, it has been learned here.

Engines for the big machines will be supplied from England, but the planes otherwise will be completed here. The move is part of the speed-up of air production.

7 New Air Schools For Empire Training

OTTAWA (CP) — Locations of seven new schools for the training in Canada of pilots, air observers and air gunners under the British Commonwealth Air Training Plan, were announced today by Air Minister Power.

Three elementary flying training schools will be established at Regina, Penhold, Alta., and Edmonton and two service flying training schools at Dunville, Ont., and Medicine Hat, Alta. The St. Hubert Airport, Montreal, has been selected for an air observers' school and an air navigation school will be located at Rivers, Man.

Total number of units on which development is proceeding was brought to 81 with today's announcement. Locations of 30 more will be announced later to complete the total of 111 units for which provision has been made under the plan.

Toronto War Flier Killed

WEDNESDAY, MAY 29, 1940

New U.S. Minister

CANADA MAY TAKE AS AN ESPECIAlly friendly gesture, as well as a compliment to this Dominion's position among the nations of the world, the nomination by President Roosevelt of Mr. Jay Pierrepont Moffat for the post of United States minister to this country. Not only is the prospective incumbent of this important office at Ottawa one of the most talented and experienced officers in our neighbor's diplomatic service, his intimate knowledge of the European scene by virtue of the posts he has held there—he accompanied Mr. Sumner Welles on his recent fact-finding mission—will stand him in particularly good stead as he comes as an envoy to a nation of the British Empire at war. The Ottawa job is considered one of the most important within the gift of the State Department at Washington. Common culture, geograhical propinquity, and closely-related economic and trading relations, of course, connote mutual interests of far-reaching significance and importance.

Mr. Moffat succeeds Mr. J. H. R. Cromwell, whom he may not resemble from the standpoint of hard-and-fast practical application to the duties of the office, but Canadians naturally always will have a warm spot in their hearts for the former Minister. His outspoken friendship for this country and his "undiplomatic" lecture on some aspects of the republic's attitude toward the war evidently embarrassed the Department of State at Washingon and brought down upon his own head caustic strictures from several politicians more or less hostile to the President and his administration. This is not to suggest Mr. Moffat will be any less friendly; but he is what is known as a "career" or trained diplomat, accustomed to deep thought before speech. The fact that many influential United States newspapers are enthusiastic over his appointment, moreover, implies that the right man has been chosen at the right time for the right place.

Able Public Servant

THIRTY-THREE YEARS AS A SCHOOL Trustee and 29 years as a Police Magistrate bulk very largely in an eloquent chapter of public service which stands to the everlasting credit of Mr. George Jay. His death last night at 78 will occasion widespread regret, not only because a kindly personality will be missed by a very large circle of intimate friends, but also because the cultural and professional life of this community in recent years has experienced all-too-numerous losses by the passing of men and women who have contributed much to Victoria's progress in the last half century. To say that Mr. Jay was a man of many parts is to do inadequate justice to a remarkable career; his record was unique. And if the general public knew him best for his official service to the city in which he had spent more than three score years and ten, he will leave behind many who were privileged to share his keen interest in the passing scene, who were permitted to enjoy his outstanding conversational qualities. For he had enriched a student mind by long association with the classics. To the many expressions of sympathy that will go out to his widow and family the Times adds its own.

Mr. Turnbull's Warning

ONE PART OF THE ADDRESS WHICH Mr. D. R. Turnbull, President of the Canadian Manufacturers' Association, delivered at the 69th annual meeting of this important nation-wide organization in Winnipeg today should be noted by that element in this country which continues to indulge in narrow partizan controversy—controversy unsupported by a knowledge of conditions and more often than not without foundation in fact. Said Mr. Turnbull in part:

"Our enemies are masters of propaganda—in the evil sense of that word because they have little regard for truth. All parts of the world are infected by their falsehoods. They are trying to accomplish their designs in Canada today through their agents and also through their allies, the exponents of revolutionary ideologies. When the war broke out those who delight in creating discontent, in breeding disloyalty, and in encouraging unrest and violence, went underground. Loyalty to the cause of justice banished them temporarily. The first enthusiasm they knew—would leave few opportunities for their efforts. But let us be on guard. As the war goes on, as casualties increase, as the strain begins to tell, they will reappear. They will encourage controversy. They will strive to divide our nation into quarrelling groups. In brief, they will do everything possible to break the spirit of the Canadian people and to diminish their war efforts."

If ever there was a time in Canada when truth should enjoy first place, that time is now. There always will be mischief makers—mischief makers who do not necessarily deal in imported ideologies but who dispense their own particular irritants. They are of little importance under normal circumstances and can be disregarded for what they are worth. But when the nation is faced with grave problems, involving every aspect of the national life, the most valuable assistance which can be given to the country is that which at least is based on an accurate knowledge of the facts.

Still 'On the Brink'

ITALY HAS BEEN SO OFTEN DEscribed as on the brink of entering the war on the side of Germany that the people of the Allied countries are really beginning to believe Mussolini's propaganda mongers have overplayed the theme. She was on the "threshold" when the Nazi legions marched through Denmark and landed in Norway; nothing on earth assuredly could hold Il Duce back after the invasion of the Low Countries; and with the capitulation of King Leopold and his army, of course, we should really now be getting word that the Fascist armies are either at the throat of Jugoslavia, France, or Switzerland, or that a movement has begun in Northern Africa. Today's dispatches from Rome, however, do not appear to tell us any more than that Italy's war fervor had "heightened" with the Belgian collapse, and "active Italian intervention in the conflict seemed to many to be but a question of days."

The daily reports of expanding war fever from Rome, incidentally, do not credit Premier Mussolini personally with saying or hinting at anything of a definite nature. What is certain, on the other hand, is the statement which Mr. Richard Butler, Under-Secretary for Foreign Affairs, made in the House of Commons yesterday to the effect that Sir Wilfrid Greene had brought back from the Italian capital proposals regarding contraband control which are regarded as "affording a satisfactory basis for an Anglo-Italian agreement." The Foreign Office spokesman also said that British and Italian representatives were working out the details of the plan in Rome. It does not do, of course, to be surprised at anything these days. Events move too rapidly to permit of a reasonably calm examination of the trends. But while there is sufficient on which to base the prediction that Italy is near a decision, there is also the equally strong possibility that Il Duce's hesitancy is merely a concession to his conscience (save the mark) as a subscriber to an agreement with Hitler—for whom Italy's apparent indecision serves a useful purpose.

Is Starch Fattening?

AMONG THE LATEST CONTRIBUTORS to the growing mountain of argument hostile to the theory that "starches do not make you fat" is Dr. J. C. Drummond, scientific adviser to the Ministry of Food in wartime Britain, who says the idea is "very foolish." He contends that starch is no more fat-making than butter and that it is only over-eating that puts weight on the average person. The Ministry of Food has prepared a diet chart which includes potatoes, bread and other starchy foods. The doctor says those who eliminate starches as a slimming diet are removing a valuable source of energy that ought to be included in their daily food. Then he puts it this way:

"People who are too fat can usually, unless there is some glandular disturbance, get slim by the simple expedient of eating less. Many slim women of today are healthier because they eat less of everything. They have light salad lunches, for instance. Those who never eat potatoes may get slim, just because they are eating less than usual. But they will not be healthy."

Dr. Drummond is a man with a good deal of courage. When a woman gets an idea into her head it usually sticks there, no matter what is said to qualify it. And the idea most of the "not-so-slim" women have is that potatoes do make fat.

Narvik Captured

WHILE MOST OF OUR THOUGHTS ARE with the army which the action of the Belgian king left in the lurch, it is gratifying to learn the Norwegian port of Narvik is now in Allied hands. This success, to which must be added the recent sinking of several German troopships, will give Allied forces an important air and naval base from which further operations may yet be undertaken. We are not told anything about conditions at this vital export point for Swedish iron ore. Before it became a crucial sector of war it possessed an immense amount of valuable machinery for handling the product from the famous Kiruna mines; and it is, of course, the chief shipping port at all times. In the summer months, Lulea, in the Gulf of Bothnia, is available; but for nearly seven months it is ice-bound. It will be interesting to learn more about the latest developments in the Narvik area.

MR. WOODSWORTH'S ILLNESS

Winnipeg Free Press

There will be wide and sincere regret in Canada over the illness that befell Mr. J. S. Woodsworth, leader of the C.C.F. group, at Ottawa on Saturday. No one in the public life of this country is held in higher respect. That is because of the sincerity and courage that he has always shown.

He has attacked the abuses in our political life and he has sought earnestly to advance the welfare of the great body of Canadians in average or humble circumstances, in the way that he believed to be necessary. No one has doubted h's honesty or that he was acting on principle rather than from political expediency.

While the great majority of Canadians have differed with him on war policy, and previously in his advocacy of Socialism, they have done so without losing respect for his sincerity and his courage in holding to his convictions in all circumstances.

The hope will be general that Mr. Woodsworth's recovery will enable him to remain an honored counsellor to his group, if he should not to be able to continue as leader. Mr. M. J. Coldwell will act as House leader for this session, and, if necessary, he will doubtless become national leader of the party.

As I See It

By ELMORE PHILPOTT

END OF AN ERA

WHEN KING LEOPOLD of the Belgians surrendered to his enemies, he did many things. He gained for himself in history an immortal place in the hall of ignominy. Judas Iscariot betrayed one who called Himself the son of man. Leopold betrayed about a half million French and British troops who had entered his country just 18 days before in answer to his own appeal for help.

The traitor king probably also wrote "finis" to the story of the completely sovereign small nations of Europe. For whatever the outcome of this war the day of the small nations is over as completely independent entities. If they escape absorption by the Nazi monster, or its possible Communist successor, they are going to find themselves in a different relationship to the great democracies of the west than they have ever been in before.

ENEMY SPRING-BOARDS

WHATEVER THEIR INDEPENDENCE may have been up till the end of the 19th century it has become an easy short-cut to victory by the German aggressors. Neither Holland nor Belgium would even hold staff talks with the British and French armies before the actual invasion, although the governments of both countries had irrefutable proof in their possession that Germany intended an attack on both as soon as she got around to it in this war. Then when the attacks themselves were launched the Allies were asked to go in and help, when the overwhelming advantage of initiative lay with the aggressors. Not only was it impossible under the circumstances to defend those countries effectively, but the Allied armies found themselves caught in military traps even before the greatest betrayal in history. All of which suggests to me that Britain and France will never again be able to permit their small neighbors so to run their own affairs that in the event of war they become like spring-boards from which an aggressor like Germany can leap into the very heart of France or England.

FEDERATION COMING

MY INCREASINGLY FIRM CONVICTION is that out of this war will come one united democratic federation including the United States, the British Commonwealth and France, with whatever genuine democracies survive this war, or can be revived after it. I believe that this federation will have one parliament, with control over a very few things, beginning with defence and money, and possibly also citizenship, communications and trade. I do not believe that this is going to come because prophets all the way from Isaiah to Tennyson predicted it, but because the time has arrived when the free world literally must unite or perish.

Experience is a stern school. But homo sapiens is such an idiot that it sometimes takes fiends like Hitler and adventurers like Mussolini to teach him that if decent men do not set up the right kind of world government the scoundrels will set up the wrong kind.

I notice that Dorothy Thompson, who used to be somewhat lukewarm to Clarence Streit's proposal for inter-democratic federal union, has clarified her own thinking as a result of what she saw in Europe. She writes:

"The independent small nation is a myth and presumes the absence of evil in this world. . . . This war is a revolution which will not be won or lost in Europe but on a world-wide scale. An era is over and a new one has begun in which the world will be united and free but with the rights of nations strictly limited and world policied; or it will be united and enslaved with no rights for anyone."

BRUTALITY AT LARGE

New York Herald Tribune

What Hitler pledges one day he cynically disregards the next. His propaganda chiefs invent lies so preposterous that the whole world laughs at them—and by repeating and repeating them thinks to convince his own people. Perhaps he can. But what a tragedy for the human race that one of its great peoples should be thus blinded!

Here is not simply killing and waste, but the denial of faith, of honor, of human decency. The issue is not victory or defeat in a military sense but the abasement of a continent, of a civilization, beneath a terror of which the vast cruelties now dispersing and exterminating the Polish people are the sign and symbol.

GEMS OF THOUGHT—DEFEAT: OPPORTUNITY

"What is defeat? Nothing but education. Nothing but the first step to something better."—Wendell Phillips.

"The highest reward for man's toil is not what he gets for it, but what he becomes by it."—Ruskin.

"Experience is victor, never the vanquished; and out of defeat comes the secret of victory."—Mary Baker Eddy.

"The things which hurt, instruct."—Whitsitt.

"There's no defeat, in truth, save from within;
Unless you're beaten there, you're bound to win!" —Henry Austin.

Berlin-Oslo Marriage Permanent?

By WILLIS THORNTON

THE DIABOLICALLY-CLEVER methods by which the Germans are trying to win over the peoples they have conquered are revealed by Berge M. Heede, Norwegian-born naturalized American citizen, who was living in Oslo when the Germans came. Heede has just returned to the U.S.

"The Germans are obviously settling down for a long occupation," says Heede, who left Oslo April 29. "Their soldiers are scrupulously polite. Their discipline is marvelous. Every effort is made to avoid offending the Norwegians. Nothing is stolen. Business is encouraged to continue, though of course the Germans spend only a special kind of "funny money," printed up in advance and good only in Germany.

Berge Heede . . . saw Oslo fall to slick Nazis.

TROOPS TOLD TO BE NICE

"Every German soldier was provided in advance with a sheet of instructions on how to conduct himself in Norway," says Heede. "This analyzed very cleverly the Norwegian character and the attitude best calculated to appeal to it. The discipline was such that the German soldiers held closely to these instructions. I know of no cases of looting or of wanton destruction by individual soldiers."

The instructions, found on German dead, ran along these lines:

You are not landing in an enemy country. You arrive to protect the country and its people, who have strong feeling of national pride. Therefore: do nothing to offend the national honor.

The Norwegians love freedom and are unwilling to submit to arbitrary authority. They don't like militarism. Therefore: give few orders. Peremptory orders would antagonize the people. Tell them in a logical way what is to be done, and thus win their co-operation.

The Norwegian's home is holy to him, but he is very hospitable. People leave their houses unlocked and stealing is considered a great disgrace. Therefore: never go where you are not asked; respect property.

The Norwegians have no understanding of war, and almost all of them dislike Nazism. Therefore: do not discuss politics.

"The Germans are polite and ingratiating," says Heede. "The release of war prisoners was another effort of Hitler to swing the Norwegians over to his side. Since the basing of the German fleet in Oslo, the best harbor in that part of Europe, it is clear that the Germans hope to establish a permanent relationship there.

MANY NORWEGIANS WITHOUT SUPPORT

"Despite influx of the German 'funny money' between half a million and a million Norwegians are without their ordinary means of support. Thousands fled to the hills to escape the bombers, taking nothing with them. When they returned, say to Elverum or Stavanger, they found their homes leveled to the earth, their businesses gone. Thousands fled to Sweden, where they are helpless. Many of the refugees are Americans, unable to get money from home, and dependent on the bounty of already-impoverished Norwegian friends."

Heede, an importer, is advising the Norwegian Relief Fund in its drive for urgently-needed money, food and clothing for almost a third of Norway's people deprived of these things by the German invaders.

WHERE MONEY GOES

To the Editor:—It is obvious to all where our money is going. All we have to do is to count the number of luxurious automobiles driving around in every city with initials of government departments on them.

J. WILLIAMS.
1257 Esquimalt Road.

RUSSIANS IN NORTH?

To the Editor:—Is there any truth in the idea Russian fliers might get into the northern wilds of Canada? It seems possible that with the fishing fleets many aliens could be landed in one of the far north unfrequented bays with their route mapped out. I trust this is far-fetched. Being at war the man in the street would like to know some of these things.

A. E. WILLETT.
1114 Rockland Ave.

HE HAS FAITH

To the Editor:—I have as little superstition in me as any man living, but my secret opinion has ever been, and still is that God Almighty will not give up to military destruction or leave unsupportedly to perish a people who have so earnestly and so reputedly sought to avoid the calamities of war by every decent method which wisdom can invent.

PREDICTIONS

To the Editor:—Just a year ago a numerologist assured us that Hitler and Mussolini would meet their Waterloo in 1939. There were the figures to prove it. Later on some seer predicted a year of good fortune for Mussolini, which rather crabbed the style of the numerologist. The bulk of the astrological gentry, however, agreed that all the signs pointed to the death of the same gentleman. All of the fraternity of star-gazers were agreed there would be no war. In this prediction they were joined by the communicants with another world. Spiritualists were at one in assuring us of a year of peace. Since last August they have been doing much explaining, thus adding to the funfest.

In a recent issue of the Saanich News a young lady tells us that by arranging certain figures we learn that Hitler is the big bad wolf forecast in the Bible via Revelation. Well, I and others have often juggled with figures in selecting winners, and they also ran. Of course, this interpretation has Biblical force behind it, so also has the statement in the scriptures that fowl have four feet. Being but a dumb materialist, I fail to see more than two on them myself.

Gave Life to Public Service

A long record of public service which started at the turn of the century was brought to a close last night with the death of George Jay, police magistrate of Greater Victoria for 29 years and chairman of the Victoria School Board for 25 years.

Mr. Jay, in his 79th year, succumbed after a lengthy illness. He had not been in the best of health since his retirement from the bench four years ago.

THE LATE GEORGE JAY

As a boy of 10 Mr. Jay came to Victoria in 1870 from Norwich, England, and in the years that followed built up a career of public service which has few parallels among the lives of men of this city.

He attended Boys' Central and Collegiate schools here until articled to the late Edwin Johnson as a law student at the age of 16.

He was admitted to the bar in 1883 and shortly after was enrolled as solicitor with J. Stuart Yates in the firm of Yates and Jay. He married Emily Bowden in 1885 and on April 29, 1935, they celebrated their golden wedding anniversary.

As a law student Mr. Jay distinguished himself on the athletic fields of the city, being a pioneer member of the James Bay Rowing Club, a fine rugby player and an expert rifle shot. At one time he held a commission with No. 1 Company, Victoria Rifles.

Soon after entry into his profession Mr. Jay interested himself in civic affairs and in 1901 he was elected to the City School Board. He sat for the first year as a trustee, was named chairman the following year and held that post until his retirement in 1934.

In 1905 he was appointed a magistrate to hold small debts court and two years later he was made stipendiary magistrate on September 9, 1907.

It was through his efforts that a juvenile court was established here in 1910. In the field of education he was also active and played a leading role in advocating establishment of Victoria College and the popular evening technical classes.

During his many years on the bench Mr. Jay heard the preliminary hearings of many trials which ranked in leading places in B.C.'s criminal history. Outstanding among these was the Baker and Sowash murder trial following the hi-jacking aboard the Beryl G which later resulted in both men paying the death penalty for their crime.

His snow white hair and beard always lent a dignified and judicial appearance to Mr. Jay and truly exemplified the tolerance which was to be found in his legal mind. With young and inexperienced lawyers in police court he had a world of patience and any counsel, no matter what his reputation, was always assured a fair and just hearing before him.

His career as a police magistrate received tribute in glowing terms from members of the bar when he retired on August 26, 1936, on the attainment of his 75th birthday.

He is survived by his widow and three daughters, Mrs. Constance Davy, Mrs. Phyllis Trotter and Mrs. Gertrude Mutch, and three grandchildren.

RE-ELECT OFFICERS OF KIPLING GROUP

A. E. G. Cornwell was named to his seventh consecutive term as president of the Victoria Branch of the Kipling Society, while K. C. Symons was the unanimous choice for vice-president at the annual meeting of the organization held in the Union Building last night.

All other officers of the society were elected for another term at the meeting. Those returned were: Secretary-treasurer, Mrs. W. J. Neal; executive, Mrs. J. W. Church, Mrs. D. M. F. McArthur, Mrs. E. Fryer, G. R. Thomson and P. Oliver. Mrs. M. Barclay, a former member of the executive, has moved from the city.

At last night's meeting the annual report of the secretary showed that the club had 35 active members, 11 new members being enrolled last year. At previous meetings many interesting speakers were heard and synopsis of many Kipling stories were heard by the members.

T. A. Simmons, a member of the society, was presented with a book for obtaining the highest score in a Kipling quiz contest, arranged and conducted by Mrs. J. Neal and K. C. Symons. Refreshments were served later in the evening.

Oliver Cromwell and all English writing paper marked with a fool's cap and bells design, to show his contempt for King Charles I. Thus "fool's cap paper" originated.

No B.C. Negotiations For Mackenzie Basin

OTTAWA (CP)—There have been suggestions that several provinces take over administration of parts of the Northwest Territories, but no negotiations have been held in regard to British Columbia taking over the Mackenzie River basin, Resources Minister Crerar told the House of Commons.

Howard C. Green, Conservative, Vancouver South, asked about the matter during discussion of a bill concerning jurisdiction of courts in the territories.

"I can say at once there have been no such negotiations," Mr. Crerar said.

U.S. West Coast Force Doubled

SAN FRANCISCO (AP)—The United States has doubled its army air corps personnel on the west coast and boosted that of the 9th Corps area 40 per cent outbreak of the war.

Added enlisted strength of the navy at sea, the addition of about 100 coastguardsmen, a change in the customs set-up for neutrality control and new burdens on the Federal Bureau of Investigation in connection with espionage and "fifth column" activity have also taken place.

A survey of military and home defence work indicated today most of the changes in this area were in line with national policies and authorizations, and not due specifically to conditions on the west coast.

The personnel of the army air corps fields — Hamilton-Moffett and March—is at its largest point in history and between 25 and 50 per cent more planes are in service than nine months ago. It is estimated about half the 5,500 planes authorized for the corps are in use, the others ordered.

INCREASED PERSONNEL

The authorized enlisted strength of the 9th Corps area has increased twice since September. It now is 33,573, compared with 23,566. Actual strength currently is estimated at 31,000. The 9th Corps area includes Oregon, Washington, California, Montana, Idaho, Utah, Nevada, Wyoming and Alaska.

Little change has been effected in the personnel of the 12th Naval District (Utah, Nevada, Colorado and Northern California), but the Pacific sea strength has been increased through the recommissioning of old destroyers for neutrality patrol and 25 retired officers have been recalled to duty in this area.

Increase in coast guardsmen was principally due to new regulations requiring more signalmen on cutters. A new coastguard base with five planes is to be ready at the San Francisco airport in August. The San Diego base also will have five planes, instead of the present two.

GAS PRICE CUTS

SAN FRANCISCO (AP) — Gasoline price cutting became general in the U.S. Pacific slope states today.

A half dozen companies had followed the cuts started by the Standard Oil Company of California by noon.

Prices went down 2½ cents on first grade, 1½ on second and 2 on third.

San Francisco prices were 19, 17 and 15 cents respectively on the three grades.

Standard's brief and unexpected announcement of the cuts merely stated it acted to meet competition.

Rid Kidneys of Poisonous Waste and Acid

GAIN IN HEALTH

If you aren't feeling just right—are nervous—have dizzy spells and occasional backache—study your kidneys and learn more about yourself.

Through the delicate filters of the kidneys, acid and poisonous waste are drawn from the blood and discharged from the body thru the bladder — sometimes these filters become clogged with poisonous waste and kidneys do not function properly — they need a good cleaning.

One reliable medicine, highly efficient and inexpensive is GOLD MEDAL Haarlem Oil Capsules (Dutch Drops in Capsules), you can't go wrong on this splendid medicine for it has been helping people for 50 years—to correct their aches and pains and to relieve uric acid conditions, the aggravation of sciatica, neuritis, neuralgia, lumbago and rheumatism.

So if you have such symptoms of kidney trouble as backache, nervousness, getting up two or three times during the night—scanty, burning or smarting passage—leg cramps—moist palms or puffy eyes, get a 40-cent package of this time-tested and harmless diuretic at any modern drug store —it starts the first day on its errand of helpfulness.

Don't be an EASY MARK and accept a substitute — ask for GOLD MEDAL CAPSULES, the original and genuine Dutch Drops from Haarlem in Holland, packed in Canada. Look for the Gold Medal on the box.

Pointers on how to make lovely Jams and Jellies

Prizewinners agree:

CERTO gives BETTER Jams and Jellies- SURE RESULTS

THREE OUT OF FOUR JAM AND JELLY CHAMPIONS IN ALL PARTS OF CANADA USE CERTO

Writes Mrs. R. J. Lunn of Oxford, N.S.—Prizewinner at Oxford Exhibition: *"I feel, when making jams or jellies with Certo, that I am sure of good results. The shorter boiling keeps the fresh fruit flavour and colour. Several times I have taken the special prize for the most points in this class at our fair."*

MAKE YOUR JAM AND JELLY THIS FAST, RELIABLE WAY

Amazingly Quick — Less Work

It takes such a very short time to make a batch of jam or jelly with Certo. For jam you need give only a one-minute to two-minute full, rolling boil—for jelly only half a minute. Referring to this quick, easy Certo way, Mrs. S. J. Wardner—Prizewinner at both Shannonville and Tweed Fairs, says: *"I can make perfect jam and jelly with so little time and effort."*

More Jam or Jelly

The boil is so short that very little juice has time to boil away. So you get up to half again as many jars from the same amount of fruit. That's a really *big* saving! *"When using Certo, you have so much more jelly or jam from the same fruit,"* writes Mrs. Chas. Lalonde, Prizewinner at Rainy River Valley Fair.

Fresher Taste — Brighter Colour

In this short boil you retain all the fresh, natural taste and colour, whereas *long boiling* affects the taste and darkens the colour. *"Jams and jellies made with Certo are far superior in flavour to those made in the ordinary way,"* agrees Mrs. T. B. Vincent, Prizewinner at Sherbrooke Exhibition and at the Shefford and Brome County Fairs.

Sure Results

A book of tested, easy-to-follow recipes is given free with Certo. If you follow them *exactly* you can be sure of splendid results. Certo jam and jelly making is free of guesswork and uncertainty. Mrs. J. P. McAlpine, Prizewinner at Bancroft Fair writes: *"I found that the recipes, in the book with every bottle, make perfect jams and jellies."*

CERTO is concentrated FRUIT PECTIN . . . the natural jellifying substance extracted from fruit in which it is most abundant.

FREE BOOK OF 72 RECIPES

Under the label of every bottle of Certo there is a book of 72 tested recipes for jams and jellies. Different fruits need different handling, so Certo gives you a separate recipe for each fruit . . . Be sure to follow each recipe *exactly*.

WAKE UP YOUR LIVER BILE—
And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

Speech Students To Be Heard By Expert

A festival of the Speech Arts will be held in Vancouver from June 10 to 15, when Mrs. Jean Campbell of Winnipeg will adjudicate nearly 500 competitors.

By special arrangement with Mrs. Wilfrid Ord, 1005 Cook Street, Mrs. Campbell will visit Victoria for one day in order to hear students of the Speech Arts. Those who would like to be adjudicated by Mrs. Campbell are asked to communicate with Mrs. Ord as soon as possible, in order that the necessary arrangements can be made.

Every competitor will receive a marking, but no trophies or certificates will be awarded.

It is felt that it will be a real help and inspiration to all who study a branch of the Speech Arts to have their work heard by such a capable outside adjudicator. Those who have heard Mrs. Campbell in former years will look forward to hear again her competent and constructive remarks.

Britain Supplies Tanks for Forces Of Canada

OTTAWA (CP)—The House of Commons during its sittings yesterday afternoon and evening passed an interim supply bill for expenditure of $49,824,100, heard prairie members urge, during discussion of minor bills relating to agriculture, that the government take over control and wheat marketing and close the Winnipeg Grain Exchange for the duration of the war, heard Munitions Minister C. D. Howe say manufacture of war materials will be speeded up and heard Defence Minister Norman Rogers say Great Britain had agreed to supply tank corps and equipment until Canadian production could be worked out.

WAR PURCHASES

Canada's whole war purchasing program has been under review since recent events changed Great Britain's position as a source of supply, Mr. Howe, told the House.

Through the change in the situation, Mr. Howe expected there would be a speeding-up of production of war materials and that there would also be a wider variety of munitions and supplies made in this country.

Howard C. Green, Conservative, Vancouver South, wondered if war orders should not be given to all factories in Canada, even to those which before had been unable to accept war orders at a competing price.

Mr. Howe said the government possessed data on equipment and potential production of all plants suitable for war production and was making full use of such information.

TANK PLANS

Defence Minister Rogers, reviewing plans for Canada's mechanized forces, told how Great Britain had agreed to supply tank corps and equipment until Canadian production could be worked out.

No tanks or tank troops were sent overseas with the 1st Division of the Canadian Active Service Force, he said, because tanks were not provided for in the military eestablishment surrounding a division, but were supplied as combat units at a certain ratio to an army corps without themselves being considered as corps troops.

URGES LARGER VOTE

Alan Chambers, Liberal, Nanaimo, said he would support the war appropriation, though he did not think it "fully sufficient for the needs of this time." He suggested Parliament go about its tasks with all humility in the realization of its heavy responsibilities of service to the country when its very institutions were threatened.

For the second time within 24 hours the House last night heard a suggestion from the Conservative opposition for the finance minister, Hon. J. L. Ralston, to replace Prime Minister Mackenzie King as leader of Canada's war government.

Dr. Herbert A. Bruce, Conservative, Toronto-Parkdale, expressed the belief that Col. Ralston "is the one man in the King cabinet fitted to head a war government."

The night before a similar appeal was made by Percy Black, Conservative, Cumberland, N.S., who, like Col. Ralston and Defence Minister Norman Rogers, is a native son of Amherst, N.S.

Dr. Bruce said Prime Minister Mackenzie King had many fine qualities suitable to administering a country at a time of peace. But those very qualities rendered him unfit to lead in time of war.

CANADA SPEEDS SHELL OUTPUT

OTTAWA (CP)—The Department of Munitions and Supply announced that work has started on installation of equipment and extension of plant facilities to increase substantially both the quantity and type of shells being manufactured in Canada.

At present, eight Canadian plants are engaged in the manufacture of 2,250,000 shells. Additional shell orders, now being placed, will add five or six to the number of firms producing shells, and increase to 4,500,000 the output of shells.

Production now is under way on ammunition orders ranging from small arms ammunition to artillery shells and their components, including anti-aircraft shells, field gun ammunition and heavy artillery shells. The output includes: 40 millimetre, 18-pounder, 25-pounder, 3.7-inch, 6-inch, and 9.2-inch shells.

Canadian plants also are manufacturing corresponding quantities of cartridge cases, fuses, primers and other requisites. Some 60 different Canadian companies are doing this work, the department said. The Dominion arsenals also are engaged in certain special munition work for the United Kingdom.

Ashcan Bomb Explodes Near Legion Hall

VERNON (CP)—A home-made bomb planted in an ashcan at the rear of the Canadian Legion hall here exploded with a roar, shattering several windows in the structure, last night.

The explosion occurred as leaders of the Vernon and district volunteer home defence unit were discussing their first day of recruiting for the district.

The windows broken were at the rear of the room in which the men were meeting.

Police were called and today an investigation was under way.

Officers said they believed the bomb was made of stumping powder packed in a kettle. The ashcan in which the bomb was planted was ripped to bits.

Mrs. G. A. A. Hebden Is Schubert Club Head

The Schubert Club, at its recent meeting, elected Mrs. G. A. A. Hebden as president for the ensuing year. The meeting was held at the home of Mrs. A. Minnis, Hollywood Crescent, and other officers elected are as follows: Past president, Mrs. S. A. Shrimpton; vice-president, Miss Hazel Clyde; secretary, Mrs. H. P. Brown; treasurer, Miss S. Kelley; publicity, Mrs. S. Swetnam.

Reports of the executive showed this year had been most successful. Mrs. Shrimpton, president, in her address, commented on the splendid spirit of co-operation among the members of the club. The secretary, Mrs. Kermode, reported that the club had made three public appearances throughout the season in aid of different organizations.

PRESENTATIONS MADE

During the evening Frederic King, the conductor, was presented with a token of appreciation for his untiring work and a box of chocolates for Mrs. King, who was unable to attend. Mr. King in his speech thanked the ladies for their willingness to work and excellent spirit. He also made special mention of the splendid attendance record for the past year.

Mrs. Shrimpton, the retiring president, was presented with a gift of china. Tribute was also paid to the club accompanist, Mrs. Pierre Timp.

Following the business meeting delicious refreshments were served by the members of the contralto section.

SMITH—FOREMAN

Iris, syringa and ferns were used in the chancel of St. Martin's-in-the-Fields Church on Monday evening for the marriage of Marion, only daughter of Mr. and Mrs. P. Foreman, 194 Gorge Road West, and Mr. George Ernest Smith, eldest son of Mr. and Mrs. H. Ball, 2811 Inlet Avenue.

Canon H. W. G. Stocken officiated, Mrs. W. Gilbert presided at the organ and during the service the congregation sang the hymn, "May the Grace of Christ Our Saviour," and "Lead Us, Heavenly Father, Lead Us," as the register was being signed.

The bride was given in marriage by her father, and wore a smart pine green tailored suit, with a veiled cream turban, cream accessories and a corsage bouquet of gardenias. Attending her was Mrs. R. Lapp in a navy blue tailleur, with pale blue accessories and a corsage bouquet of rosebuds and sweet peas, and Mr. Lapp was best man. Ushers were Messrs. Stanley Foreman, Douglas Foreman and Harold Ball.

The reception was held at the home of the bride's parents in a setting of garden flowers, where the guests were welcomed by Mrs. Foreman in a teal blue jacket dress, and by Mrs. Ball in an electric blue sheer redingote ensemble. They both wore white accessories and corsage bouquets of carnations. A hand-made lace cloth covered the supper table, which was decorated with silver vases of bridal roses and tall cream tapers, and centred with the three-tier wedding cake, which the bride cut after the toast had been proposed by Mr. G. M. Piercy, an old family friend.

On return from a motoring trip to Banff, for which the bride donned a burnt sugar tone topcoat with a raccoon collar, Mr. and Mrs. Smith will take up residence at Gorge Road West.

McEACHERN—EATON

TORONTO (CP) — Florence Mary Eaton, daughter of Lady Eaton, was married here yesterday to Frank Flavelle McEachern, son of Mrs. Clara McEachern, and today the couple began their honeymoon at Virginia Beach, Va.

The service was held in Timothy Eaton Memorial Church. Rev. David A. MacLennan conducted the service, assisted by Rev. Trevor Davies. The church, built by the bride's father in memory of her grandfather, was decorated with flowering shrubs, ferns and blossoms.

Oak Bay Red Cross To Hold Shower

Through the kindness of Mrs. C. F. Armstrong and Mrs. M. Driscoll, who are lending their home in York Place for the purpose, the Oak Bay Unit of the Red Cross Society will hold a material shower on the afternoon of Friday, June 7, from 3 till 5 p.m. to collect materials to be made up for European refugees.

Anything suitable for making into garments, particularly for children, will be acceptable, but those who wish to can help equally well by giving money for the purchase of materials, which will be made into clothing by the Oak Bay Red Cross unit workers.

SUGGESTED MATERIALS

For the guidance of those wishing to donate materials, the following suggested quantities are given:

Dark woollen material for girls' jumpers in the following lengths: 35-inch material, 2⅞ yards; 39-inch material, 2¾ yards; 54-inch material, 2¼ yards.

Cotton goods, prints, ginghams, etc., for girls' blouses, in 2-yard lengths; Black sateen for bloomers, 1½-yard lengths; tweed, serge or corduroy for boys pants, 35-inch material, 1 yard or 54-inch material, ¾ yard; cotton material for boys shirts in 2-yard lengths.

Flannelette for nightgowns, 3½ yards. Wool for knitting sweaters, scarfs, caps, mitts, etc., in colors not used by fighting services.

Warm stockings for girls, sizes 8½ to 10; for boys, sizes, sizes 8 to 10. Handkerchiefs for boys and girls. Quilt covers, 6-yard lengths of cotton material.

Mrs. W. H. Elkington, who with Dr. Elkington and Dr. and Mrs. Norman C. Cook, will be a patron of the Jubilee Hospital Alumnae dance at the Royal Yacht Club on Friday evening, June 7, to raise funds for the Alumnae's ward and for the new wing.

Wives of Aliens Barred I.O.D.E. Membership

SAINT JOHN, N.B.—The National Chapter I.O.D.E. committee on the constitution yesterday ruled that when a member loses her citizenship through marriage to an alien she automatically ceases to be a member of the order.

TO COLLECT SILVER

The chapter decided to sponsor a nation-wide collection of silver and other precious metals to finance some form of war work to be decided by the president and executive of the order. A flying ambulance was among suggested projects.

The president also was authorized to meet the directors of auxiliary services and a representative of the Red Cross Society to make arrangements for collection and distribution of field comforts.

WAR SERVICE

Mrs. C. H. Willson, Toronto, convener for the War Service Committee, prefaced her report by a tribute to Miss Joan Arnoldi, former national president of the order and first convener of this committee, under whose able guidance an effective working plan was evolved. The report went on to describe the work for British evacuees for whom the response from the provinces and from the Yukon had been spontaneous and generous.

Hundreds of appreciative letters have been received from workers in the Women's Voluntary Services in England, and from the children themselves. The press in England and Scotland were particularly laudatory in their remarks on this Empire gesture.

Hospital supplies were forwarded also to the British and the French Red Cross in response to an appeal, and the order provided hundreds of blankets for a soldier's hostel in London. Generous help was furnished as well to Finland, one province alone, Ontario, packed 50 trunks of warm clothing while British Columbia shipped 1,100 garments for that country.

Canteen work is also a part of the service which chapters are rendering to men in training. Alberta Chapter, for instance, have pledged 500 pairs of socks a month for the men of that province with the First Division overseas.

British Columbia reports that the Portland Canal War Committee sent a donation of $100 for the purchase of wool as an evidence of good will towards Canadians.

Mrs. H. E. Angus, films convener, emphasized the importance of supporting British films and of providing suitable bills for children.

WORK IN INDIA

Two chapters in the Yukon have aided the building fund for St. Helena's school in Poona, India, it was mentioned in the report of the convener for Empire work in India, Mrs. C. Gibson, Lethbridge. Notwithstanding the generous contributions even in war time, of the chapters throughout the Dominion, a balance of approximately $2,150 is required to complete the order's pledge to finish this building.

Mrs. J. Mackintosh Bell, convener of League of Nations committee, noted in her report presented that the League's publications are somewhat widely used by chapters as a basis of study, with special reference to the humanitarian efforts of the League.

Assistance given to the Sea Cadets of the Navy League of Canada was stressed in the report of Mrs. A. A. Fairnie, Vancouver, who further recorded that colors, band instruments, etc., were supplied by the chapters where these were not otherwise provided.

Tells of Ceremony At Peace Arch

An interesting report of the international ceremony held at the Peace Arch at Blaine, Washington, last week-end, was given by Mrs. Harold Lord, the president, at the business meeting of the Victoria Business and Professional Women's Club on Monday evening at headquarters. Mrs. Lord, who represented the club at the gathering, sponsored by the International Federation of B. and P. W. Clubs, spoke of the spirit of international good will which characterized the gathering. Mrs. Maude Empey, San Francisco, represented the United States, and Miss Josephine Dauphinee represented Canada.

A gratifying report was given by Mrs. H. V. Bartholomew of the decorated tables display held recently at the Empress Hotel. Miss Muriel Hoy of the Dominion Civil Service, former secretary of the club, left recently to take up her duties in Ottawa, and has been transferred to the Ottawa Business and Professional Women's Club.

Miss Elsie Richardson, chairman of the nominating committee, requested that all ballot papers be returned by June 17. Mrs. I. M. Abbott and Miss Jessie Fraser were appointed auditors. The next meeting will be held on June 10, and the annual meeting on Monday, June 24.

BLANKET POWERS TO SPEED SUPPLY

By NORMAN MacLEOD

OTTAWA—An order-in-council has been passed by the government clothing the Department of Supply with blanket powers in the purchase of war requirements, it was learned today. Included in the authority is permission to purchase materials and supplies without public tender when it is considered necessary in the public interest.

Another clause in the order is understood to empower the government to utilize private concerns as purchasing agents so that it will not be broadcast that the government is purchasing a particular commodity. The purpose, presumably, is to prevent sellers running up prices to the government.

The order is declared to be one of the very broadest in its permissive clauses.

Y.W.C.A. Dance for Men of Services

Members of the girls' work committee of the Y.W.C.A. are completing plans for the second in the series of dances planned particularly for the men of the three services to whom a special invitation is extended. This affair will be held at the Chamber of Commerce, on Tuesday, June 4, from 9 to 12. Dance music will be provided by Fred Pitt's four-piece orchestra, and there will be novelty dances and prizes and a buffet supper will be served.

Acting on the committee are Mrs. Ross Crane, Mrs. John Parnall, Mrs. P. A. Gibbs, Mrs. Hobart Molson, and Miss Sara Spencer. Co-operating with this committee are Miss Ida Pearce, Miss Doris McBain, Miss Lila Crowther and Miss Lorna Wilson of the Senior Girls' Club department. Mr. Jim McCague will act as master of ceremonies. Club girls will be present to assist as hostesses.

A party of senior club girls of the Y.W.C.A. joined in a gay evening of games and dancing at the Y.M.C.A. Recreation Centre at Macaulay Point, Mr. Hardman being in charge of the arrangements. A similar evening is to be arranged for an early date, and novelty dances and special program features are being planned. It is anticipated that informal gatherings will take place at the Y.W.C.A. for out-of-town men.

The summer program for Thursday evenings began last week with a theatre party. Tomorrow evening the group will visit the Public Library, where Miss Green of the staff will show the girls around and introduce them to suitable books for summer reading. Refreshments will follow at the "Y". Girls are asked to meet at the "Y" at 8.

An attractive folder is available for the summer program and copies may be secured at the office. Galiano camp folders are now on hand and give full particulars of activities at the holiday camp there, for girls from 12 to 16 years of age.

SALVATION ARMY CAMPAIGN JUNE 10

With the challenging term, "Ask Any Veteran" as their slogan, the general campaign committee of the Salvation Army in Victoria will endeavor to collect $20,000 for war services from the citizens of Victoria in a drive which will be launched here on June 10 and continue until June 17.

The slogan chosen by the committee will serve as a reminder of the work which was done by the Salvation Army during the last war. Sixty per cent of the money will be used to operate canteens and other war services for the troops in Canada, England and France, and 40 per cent will be used on the home front services.

The Salvation Army will make no further collections this year, with the exception of the street collections for the Christmas hamper fund. The present drive, originally planned for an earlier date, was postponed to allow the civic arena committee and the Y.M.C.A. to make their appeals to the public.

Officers, in charge of various committees for the campaign, have been chosen by appointment, and are now ready for the drive. The following will be in control of the drive:

General Campaign Committee—S. K. Campbell (general chairman), F. E. Winslow and Adjutant C. J. Milley.

Advance Gifts Division—Alan M. Robertson and Colonel Brooke Stephenson (joint chairmen).

Industrial Division—C. C. Simpson (chairman), H. J. Wilson and Arthur Ross.

Business Division—Major H. Cuthbert Holmes (chairman) and Goeffrey Walton.

Government Schols and Services Division—George A. Mills and J. E. Goldring.

Women's Division—Mrs. J. W. Benning (chairman) and Miss Sara Spencer.

Publicity—Frank Giolma.

Speakers' Committee — M. Frank Hunter (chairman).

Treasurer—P. B. Fowler.

Kills Wife and Self

EDMONTON (CP) — Police reported Clement Barnscombe of Edmonton shot and killed his wife in a private room in a hospital here today and took his own life a few minutes later in a nearby bathroom.

Barnscombe left letters explaining his action, said police, who did not divulge the contents.

Heavy German Losses

BERLIN (AP) — German sources admitted last night that "naturally German losses have been heavy" in the drive against the northern Allied army in Flanders and Artois, but said that these were considered "worth while in view of the gains."

High-spirited Troops Cheered

Canadian 3rd Brigade Speeds Special Drills

By EDWIN JOHNSON

ALDERSHOT, Eng. (CP)—The gridiron cry of "Hold that line" echoed across a wide sweep of the wooded English countryside today.

It was the rallying whoop of eager, high-conditioned troops of the Canadian 1st Division engaged in exercises of open movement such as modern war has developed within recent weeks.

Today the 3rd Infantry Brigade moved in a body to an open-air camp, where its crack units, the Royal 22nd Regiment, the West Nova Scotia Regiment and the Carleton and York Regiment will concentrate on a syllabus of specialized training.

In full battle kit from steel helmets to jackknives, the brigade presented an inspiring picture to the throngs which came out to cheer the men as they moved by in convoy along the winding country roads.

Although the populace of this military area is accustomed to troop movements, often on a large scale, the conviction prevailed among watchers that the Canadians were on their way to aid their hard-pressed comrades of the British Expeditionary Force on the western front.

Girls lining the pavements threw kisses to the boys, waved handkerchiefs and shouted words of cheer.

Most men have openly expressed the hope they will be given an early opportunity at a "crack at Jerry." But despite the gravity of the situation that confronts the B.E.F. the Canadians will not be rushed into action until the right moment.

As Hon. Norman Rogers, Canadian Minister of defence, remarked after a recent inspection of the division: "Canadian troops always have gone where they were most needed and where they could make the greatest contribution. They will be ready to proceed to their new posts of duty when the call comes."

Full Coverage Of War By C.P.

TORONTO (CP) — Complete war coverage was assured the 89 daily newspaper members of The Canadian Press by W. Rupert Davies, Kingston Whig-Standard, in his presidential address today at the annual meeting of the co-operative news gathering organization.

Mr. Davies said the C.P. had met the test of war with "vigor and efficiency." The London bureau, strengthened two and a half years ago, was further strengthened on the outbreak of war. Arrangements were complete for coverage from the front and from Parliament, even if it should have to leave London.

The Canadian Press created a precedent by attaching a correspondent to the 1st Division, Canadian Active Service Force, when it sailed from Canada. He will stay with the Canadian forces in action. No other unit in the Allied armies permitted a war correspondent to live and work with its headquarters staff.

The opinion of such men as Prime Minister Churchill and Premier Reynaud of France was that the war would be a long and hard one and "every ounce of Canada's effort will be needed," Mr. Davies said. "The Canadian Press will do its best to keep Canadians informed and to help them to help Canada and the Empire."

HEAVY NEWS BURDEN

He remarked on the full coverage given the German invasion of Poland, the rape of Finland by Russia and Germany's mechanized marches through Denmark and Norway and across the Netherlands and Belgium into France. The broad, accurate and responsible service of The Canadian Press was built up with the aid of its allies—Reuter's, Havas and the Associated Press. The burden of news coverage was made heavier by the Alberta and Dominion elections in March.

"As you are well aware, the importance of these events and the quick succession in which they came has been a great test for The Canadian Press. But it has been met," Mr. Davies said. "In the last war, news was not organized as it is now; there was no radio with unsympathetic news from south of the border; no short-wave with insinuating propaganda direct from Germany."

Mr. Davies said the publishing business has been made difficult by stationary or lowered revenues and growing costs. About 40 daily newspapers had ceased publication in the United States in 1939. The Canadian Press had lost the membership of the Regina Star. He noted with regret the passing of an old-established weekly newspaper in the Barrie Advance.

With the Forces

Luxury Hotel For Soldiers

A luxury hotel at the edge of theatreland for the exclusive use of the boys of the Canadian Active Service Force and the Royal Canadian Air Force—with everything at "give away" prices — was opened by the Salvation Army Canadian War Services in London yesterday.

This latest red shield project has 200 rooms that are reminiscent of swank Park Lane auberges — lounges, games rooms and a battery of showers—and the charge for a night is exactly 60 cents, including breakfast. The restaurant even has a French chef.

Hon. Vincent Massey, Canadian High Commissioner in the United Kingdom, performed the opening ceremony. General George Carpenter, international head of the Salvation Army and its former commissioner in Canada, said the hotel offered double-barrelled comfort: "Coffee and doughnuts" on the material side and welcome and sanctuary for the weary of mind.

A NEW POET

The cold and unyielding hardship of a night behind prison bars has mothered a poet of promise in the ranks of the First Canadian Division.

He wove his versified tale around the night he languished in Hampstead gaol for what the police blotter called "disorderly conduct and destruction of public property." He had consumed too much champagne during an evening at a fashionable home. On the way he played football with a couple of Belisha traffic beacons.

Somewhere along the road to sobriety he scrawled these lines:

"Cast by heedless whim of fate,
to this dungeon, twelve by eight,
Circled round by fettering stone,
this culprit spends his time alone,
And idly thinks of Hore-Belisha,
late 'ministrative head of our militia,
And instigator, clever man, of the Belisha Beacon plan.
A scheme whereby darkness is repelled and still the blackout law upheld.
Thinks then this sorry prisoner knave, 'Why did I sorely misbehave
And lift from firm entrenched iron bases, a brace of Belisha's blackout aces?'
Comes the answer—'for a lark,
They looked like footballs in the dark'."

After reading the above explanation and hearing the soldier's plea of guilty, a benevolent administrator of the law fined him 10s (a little over $2).

Back in the safety of his Aldershot barracks, the chastened lance-corporal penned this promise:

"The moral lies right at our door,
That we should vow to drink no more."

MAIL ADDRESS

The National Defence Department naval service has explained there has been much confusion on the part of the public in addressing mail and parcels for officers and men serving with the Canadian Navy.

The proper way to address mail, the service said is:

Rank and name of naval rating, care of the Fleet Mail Officer, H.M.C. Dockyard, Halifax, N.S. (East Coast), or H.M.C. Dockyard, Esquimalt, B.C. (West Coast).

When danger threatens, the bull musk oxen surround the cows and calves, lower their heads and present a circle of bristling horns to the approaching enemy.

Chinese Stores To Be Checked

Chief of Police J. A. McLellan received instructions from Mayor McGavin yesterday to check up Chinese fruit and vegetable stores which also sell groceries, in response to a protest from Priscilla Silvester, store owner who stated Oriental competition was violating city store regulations.

Alderman Archie Wills' suggestion that the matter be referred to the chief for report was endorsed wholeheartedly by the mayor, who declared he considered the charges of the complaining store owner to be "gospel truth."

The City Hall staff may secure a system which will let certain members off half an hour earlier during the summer months, but the offices will not close until 5 as usual, according to action taken by the council yesterday. Alderman W. L. Morgan's motion, supported by a 46-name petition from the staff, calling for early closing during the summer, encountered opposition from Mayor McGavin, Ald. Burgess Gadsden, G. M. Irwin, Sity engineer, and F. L. Shaw, city solicitor. It was finally referred to the finance committee with a suggestion from Alderman Wills that a stagger system be considered. Such a plan would let half the staff off early on alternate weeks, but would not reduce the time during which bills could be paid by the public.

Indications were given by the mayor the council would abandon its weekly meeting during the summer for bi-weekly meetings, starting next month.

Three properties were sold on the recommendation of the lands committee. They included a lot on the north side of Johnson between Store and Government, sold for $3,500 on terms; a second on the north of Despard between St. Charles and Gonzales for $600, and the third on the north of Fort between Cook and Ormond for $400.

Contracts were awarded for street lighting supplies on the recommendation of the street lights committee. Under them the Northern Electric Co. Ltd. supplies the city with 500 feet of special cable at $40.75 and 200 400-lumen 20-ampere lamps at $307.62; The Canadian General Electric was given the contract for 400 12-inch cluster lights at $596, MacDonald Electric Ltd. received the order for 4,000 40-watt 115-120-volt frosted lamps at $572.32, and E. B. Horsman & Son Ltd. was given an order for 600 4,000-lumen 7.5-ampere series lamps at $643.86.

Appointment of Robert J. Smirl as a permanent member of the city fire department was approved following the fire wardens' report to the effect he had completed his probationary period satisfactorily.

A request by Joseph McKenna, on behalf of the Sisters of Loretto Hall, for special water concessions was referred to the water board.

The public works committee was asked to deal with an application from the Douglas Hotel for the lease of a parking lot.

A recommendation that the fire chief call periodically at the C.P.S. mill site to see that former tenants continued removal of rubbish there was approved by the council.

On the recommendation of the city solicitor, the city decided to offer no objection to the application by taxi operators to the public utilities commission for establisnment of set rates for the greater Victoria district. Such rates would be based on those listed in the city by-law.

Certain stalls in the square behind the City Market were reserved for parking by members of the City Council yesterday as that body also authorized fencing of a parking lot on Pandora across from the City Hall. Chicken coops housed in that section of the market yard to be reserved for parking will be removed to the Willows.

The Canadian Federation of Mayors and Municipalities' notice of its forthcoming meeting and request for delegates from Victoria was referred to the legislative committee for action.

Oak Bay's statement that that municipality was prepared to contribute $50 towards the care of the easterly end of Gonzales Bay beach was received with thanks.

The council received and filed an invitation to attend the Y.M.C.A. circus at the Horse Show Building on Friday and Saturday with the understanding as many would attend as possible. Similar action was taken with the invitation to the Saanich Public Schools Athletic Association sports at Beaver Lake on June 7.

Angle Parking Proposal Killed

That technicality which requires a two-thirds majority to pass a by-law through its second reading yesterday afternoon stymied the City Council faction seeking reversion to angle parking on Douglas Street between Fort and Cormorant.

The by-law, which would have amended Chief of Police J. A. McLellan's traffic scheme at the request of merchants in the affected blocks, received its first reading without protest. At the second the council split on a 6 to 5 division, the majority being in the affirmative. Eight votes were required to give it passage and the proposed legislation died for the time being.

Voting for the change back to angle parking were Aldermen W. L. Morgan, Archie Wills, S. H. Okell, J. A. Worthington, B. J. Gadsden and D. D. McTavish.

In opposition were the mayor, Aldermen R. A. C. Dewar, Ed. Williams, W. H. Davies and T. W. Hawkins.

"What does that mean?" asked Alderman Okell.

"It means the merchants are turned down," replied Alderman Wills.

"What was thtt?" Ald. Okell asked again.

"It means the merchants are turned down as Alderman Wills says," the mayor answered.

NOT ALL INTERESTED

Alderman Hawkins took exception to that. All the merchants were not in favor of angle parking, he said, adding some names on the petition were from office buildings that were not particularly affected.

"My vote was to give the parallel parking a fair trial," Alderman Williams stated.

Mayor McGavin concurred with Alderman Williams' position. If the merchants were going broke, the by-law could be changed, he said.

Alderman Davies stated he had a motion drafted for later consideration. It would reduce the space allotted on curbs beside street car stops, would extend the paralled parking on Douglas to Chatham Street to avoid discrimination, would establish parallel parking on the north side of View between Douglas and Broad except for a loading entrance for one firm there, and would amend Broad Street regulations between Fort and View to permit parking by private vehicles there except for an hour in the morning. The motion was referred to the public works committee for study and a report.

CROP CONDITIONS STATED FAVORABLE

OTTAWA (CP) — Favorable conditions for the start of the 1940 grain crop prevailed this spring in central and southern Manitoba, southwestern and west-central Saskatchewan, and over most of Alberta, the Dominion Bureau of Statistics says in the first of 15 weekly telegraph reports on crop conditions in the prairie provinces.

Rainy weather in Alberta in early spring delayed seeding, but recent warmer weather and ideal moisture conditions brought the crop along rapidly. In northern Manitoba and central and northern Saskatchewan and a small portion of northeastern Alberta, moisture conditions are very poor.

About three-quarters of the coarse grain acreage has been seeded and by the end of this week practically all the crop should be in the ground. Pasture conditions in the areas where moisture supplies have been plentiful are satisfactory.

Fire Loss $100,000

VANCOUVER (CP)—Spontaneous combustion caused the $100,000 fire on Vancouver's Coal Harbor waterfront Monday night which destroyed four marine plants and badly damaged another, detectives reported today after an investigation.

Estimated loss of the Sumner Brass Foundry Ltd., Union Boat Works, Benson Shipyards and Western Marine Works, all swept by the flames, was set at $100,000.

Jimmy Collins, first baseman of the Chicago Cubs, went through a nine-inning baseball game without a put-out, an assist, or an error, on June 29, 1937.

Indian Exhibit Work Started

Workmen have commenced clearing three lots at the south-west corner of Douglas and Belleville Streets, where the government will erect an outdoor exhibit of Indian canoes and totem poles available through the provincial museum.

The idea of setting up such an exhibit developed through the lack of space to show Indian relics which had to be removed from the old drill hall when the provincial police took over the building.

The display will be the nucleus of an Indian village to be established when funds permit.

"There are few old-time Indian villages left in the country," F. Kermode, curator of the museum, explained. "When we have the money we will go ahead with the construction of houses and other facilities of an old village. In the meantime, the exhibit of canoes and totem poles will serve as a tourist attraction, as well as being educational to our own people."

It is hoped to have the exhibit finished by the end of July. Eighteen totem poles will have to be treated against weather and insects, and cement bases will be laid to prevent dampness from the ground rotting the wood.

The tallest pole is 38 feet high. There are four other big ones, while the remaining 13 are around 15 feet in height.

The large poles were brought from the Queen Charlotte Islands. The smaller poles are from various parts of Vancouver Island and the mainland coast.

There will be seven or eight canoes of various sizes in the display. They have been brought from various parts of the province and will include racing, sea and river types, showing many different designs used by the Indians.

A committee of government officials in charge of the erection of the exhibit include Mr. Kermode, P. Walker, Dr. K. Lamb and H. Whittaker. W. Tyson, foreman of works, is in charge of the handling of the poles.

B.C. Logger Killed

VANCOUVER (CP)—An inquest was opened here today on the death of Richard Lidgate, who was injured in a logging accident at the Matheson and Dugan Logging Company at Granite Bay Saturday.

Lidgate was taken to the Columbia Coast Mission Hospital at Rock Bay, suffering from a fracture of the skull and after a few hours in the institution doctors ordered his removal to a Vancouver hospital. He died en route.

He is survived by his father in Vancouver and his mother and a twin brother in Nelson.

Granite Bay is on Quadra Island, between Vancouver Island and the mainland, and about 150 miles from Vancouver.

25 Years Ago

MAY 29, 1915

GENEVA — The Italians, after a severe fight along the frontier north of Lake Idro, have captured the town of Storo and now are bombarding Riva.

OTTAWA — The total casualties so far amongst the Canadians at the front are believed now to be about 9,000. Those officially announced through the record office total some 6,250.

Today's casualty list includes Pte. H. A. Dennis, 30th Battalion, died; Pte. S. Constable, 30th Battalion, dangerously wounded; Major A. B. Powley, 30th Battalion, wounded; Lieut. F. Wollaston, 30th Battalion, wounded; Pte. H. N. Wootton, 88th Fusiliers, wounded.

On the special invitation of Miss Billie Burke and the management of the Royal Victoria Theatre, the officers of the H.M.S. Kent will be present at the last performance of "Jerry" this evening.

Yanks on Move

Hurdle Into Fourth Place

Without fanfare or fireworks New York Yankees have arrived back in the first division of the American League and apparently have finally found the trail that can lead to their coveted fifth consecutive world championship.

The Yanks humbled Washington Senators 12 to 4 and 3 to 1 in a doubleheader yesterday to attain six victories in their last seven games—in fact, nine victories in 12 games since that demoralizing eight-game losing streak.

Today New York is only 6½ games out of first place. They will play three games with the league-leading Boston Red Sox tomorrow and Friday and this series will determine whether the Yankees' advance is to be swift or slow.

The Red Sox tightened their hold on first place by beating Philadelphia Athletics 4 to 1 in a night game after the second-place Cleveland Indians had lost to Detroit 8 to 5.

The Yankees' leap from sixth to fourth place was made possible by Chicago White Sox dropping both ends of a doubleheader to St. Louis Browns 10 to 9 and 7 to 5.

In the National League, Cincinnati Reds dropped a 5 to 2 decision to Pittsburgh, their first loss to the Pirates this year, and slumped into second place.

Chicago Cubs were shut out by St. Louis Cardinals 5 to 0 on the four-hit hurling of Max Lanier, while Brooklyn Dodgers cut down the Phillies 4 to 2 for their fifth consecutive victory and Freddy Fitzsimmons' fourth without defeat. This was a night game.

COAST LEAGUE

Big Bill Fleming was in command of the situation last night as Hollywood Stars defeated Seattle Rainiers in a brilliant mound duel in Seattle 3 to 2. The defeat reduced Seattle's Pacific Coast League lead over San Diego Padres, who defeated Los Angeles 6 to 3, a full game.

Fleming had the best of Bill Walker in the pitching contest, his high, hard offering and his slow curve baffling the Rainiers after a shaky start in the first three innings.

The former Western International League ace also scored one of the Stars' winning runs.

Although outhit 14 to 7 by the Beavers, Oakland Acorns scored a 8 to 4 victory in Portland.

Tony Freitas, tiny southpaw, held the San Francisco Seals in check as the Sacramento Solons scored a 3 to 2 victory in their series opener.

Sports Mirror

By PETE SALLAWAY

JOE DIMAGGIO told Judge J Landis he was his own agent, had made all his own arrangements for a year. Previously the greatest ball player's business affairs, other than baseball, were handled by a theatrical agency, which received 15 per cent of whatever he made through its efforts.

Landis' investigation grew out of a report that Joe Gould and Jim Braddock, the prize fight team, received 2 per cent of DiMaggio's baseball salary.

Management outside of baseball is quite all right.

Christy Walsh did a lot for Babe Ruth.

But Landis will not tolerate anyone having a piece of a player's contract.

Bowing to the rank outsider, Corydon, and being hard pressed to beat the sprinting Roman for the place, Bimelech made it obvious in the Withers Mile that he cannot be at his best unless he is on a track that completely suits him. . . . The Belmont Park strip was dead under the surface.

It is not believed the sickness of Kayak II will have any detrimental effect on his racing, although a coughing spell such as the South American crack suffered at Pimlico has left many a good horse "touched in the wind." . . . Kayak II is returning to California.

In less than two seasons of professional baseball, Ken Sears has batted at a .350 clip, hit more than 50 home runs and driven in 200 runs in that many games while continually moving into faster company. . . . Sears, not yet 22, is currently batting better than .400 for the New York Yankees' Newark farm club. . . . The Alabama product made the American League connection because his father, Ziggy, is a National League umpire. . . . He may be the big left-handed slugger the Yankees will need to replace Bill Dickey.

Schnozzle Lombardi, the world series goat, is now the toast of Cincinnati. . . . The big boy could take it.

Only two pitchers, Fiddler McGee and Lon Warneke, went the route for the St. Louis Cardinals in their first 25 games. . . . It was not due to ineffectiveness. . . . Ray Blades is allergic to hurlers who go the distance.

Just five years ago Bing Crosby bought a horse—paid about $5,000 for two-year-old Khayyam. Khayyam never set the track afire, but Khayyam was the little beginning of a great thing—Crosby, follower of the sport of kings. Bing was the first movie star to own a horse, and he is the only movie star who is founder, organizer and president of his own racing club—the Del Mar Jockey Club—which operates a summer meeting south of here "where the turf meets the surf."

After he bought Khayyam and Zombie and a few more nags, he hired Albert Johnston, three-time Kentucky Derby winner, to be his trainer. Johnston, like Bing, hails from Spokane, Wash.

That first year the Crosby entries unanimously ran last, which unleashed from his fellows on the airlanes the still healthy torrent of Crosby horse jokes. But now Bing has two strings of horses not to be scorned.

At Rancho Santa Fe, near the Del Mar track, he has his own breeding farm, a training track, a dozen-odd mares, and a crop of foals and yearlings readying for the races. In all Bing is estimated to have invested between $150,000 and $200,000 in thoroughbred racing.

He laughs off the radio cracks of his contemporaries.

"I've had a million dollars' worth of fun, if I never get a dime back—but I'm confident I'll at least break even some day," he says.

Del Mar—in which Pat O'Brien, Fred Astaire, Gary Cooper, Charles Butterworth and other movie luminaries have a stake with Crosby—goes into its fourth meeting in August.

Indians Spring Boxla Surprise

VANCOUVER (CP) — North Shore Indians, last year's seasonal cellar dwellers, came from behind in the dying minutes last night to defeat Vancouver Burrards 17 to 15 in the Intercity Box Lacrosse League's biggest upset of the year.

The victory sent the Braves into second place behind New Westminster Adanacs.

Burrards, league-leaders almost throughout last season's schedule, were down 3 to 1 in the first quarter and lagged 8 to 5 at half-time. The Braves, however, collapsed in the third quarter as Vancouver moved into a 13 to 12 advantage.

Jack Squires and Harry Newman started the Redmen to victory in the last quarter as they each rammed in goals to send North Shore ahead before Joe Jenkinson knotted the count. Newman sent the Braves ahead seconds later and Dominic Baker finished the scoring.

Top honors fell on the shoulders of Bruce Hill, Indian goalie, who stopped 28 out of 43 shots compared to Walt Lee's stopping of 12 out of 27 on the Burrard net.

Squires led Indian scorers with four goals and two assists, while Roy Cavellin and Buck Berry headed Burrards with three apiece.

Ceferino Garcia To Meet Belloise

NEW YORK (AP) — Promoter Mike Jacobs announced yesterday the signing of Ceferino Garcia and Steve Belloise for a 10-round bout at Madison Square Garden, August 1.

Garcia was recognized by the New York State Athletic Commission as world middleweight champion until he was defeated by Ken Overlin last week. Belloise, a New Yorker, defeated Sammy Luftspring Monday night.

Djebel Strong Derby Choice

LONDON (CP)—Nearly every English racing expert is prepared to see a brown French colt, Djebel, carry Marcel Boussac's orange silk home in front in the new Derby but that doesn't bother the faithful and they'll be out by the thousands at Newbury June 12 to watch the substitute for one of Britain's oldest races.

Founded in 1780 by the 12th Earl of Derby, the classic, ordinarily run at Epsom, ranks with such English institutions as roast beef and Yorkshire pudding. In the first Great War, there was a substitute Derby, switched from Epsom to Newmarket.

Most experts picked Djebel for the "Guineas" May 1 and his two-length victory over the Aga Khan's Stardust showed they were right. Whether the universal favorite can justify his backers again remains to be seen June 12 but jockey Charles Elliott is optimistic.

Djebel faces some tough opposition in the one-and-a-half-mile sprint, half a mile longer than the Guineas.

LARGE ENTRY

The entry list closed with 78 but this likely will be whittled considerably June 4 when final acceptances are made. The Aga Khan has five nominations, including Stardust, which finished a head in front of the Maharajah of Kolhapur's Tant Mieux in the Guineas. Tant Mieux, fifth largest money winner last season, and all the other leading 1939 juveniles are entered, including Fair Test and Black Toni.

If Lord Derby's Lighthouse II or Tant Mieux head the favorites home June 12, the victory will still be a French one—first since H. Duryea's Durbar II accomplished the feat in 1914. Lighthouse II and Tant Mieux were foaled in France, although Lighthouse II is of English parents.

Several American horses have been entered but little is known of them here. William Woodward's Bladen finished well back in the Guineas where he was the only American entry. R. S. Clark has entered Trois Pistoles and Abbe Pierre in the Derby while Marshall Field entered Piping Rock.

International Baseball, Bellingham vs. Victoria; Saturday, 2.15 and 6.00.

America's only feminine boxing referee is Belle Martel of Los Angeles, shown refereeing a fight between Georgie Field, left, and Freddie Contreras before members of the state boxing commission, who decided she was entitled to act as referee.

Brunsdons Celebrate

Defeat Longshoremen

There's joy in the camp of Brunsdon's Veterans today. Last night at the Athletic Park the old-timers reached the height of their ambition when they turned back the Longshoremen 7 to 4 in a senior division softball battle.

It was the first win of the season for Brunsdons and marked the first setback of the season for the all-star studded lineup of the Longshoremen. Rivalry between the respective players of the two teams has always been of the razor-edge variety and Brunsdons, since making a late entry in the league, have been gunning for the scalps of the Longshoremen.

After getting to the offerings of Chuck Leeson for four runs in the first inning Brunsdons were never headed. They added two more runs in the fifth and one in the sixth. Longshoremen pushed home three runs in the second and third innings, and wound up their scoring with a lone marker in the fifth.

Leeson was chased to the showers in the fourth to be replaced by Ray Byers. Brunsdons collected 13 hits from the offerings of the pair.

Eric Moir opened on the mound for Brunsdons but was yanked in the second inning after Longshoremen had scored two runs. He was replaced by Alf Bridger, who worked smoothly for the remainder of the game. Bridger struck out seven. Longshoremen punched out seven hits during the evening.

Home runs were poled by Jack Okell of Brunsdons and Burgess Berry of Longshoremen.

Longshoremen had no little trouble in the field, five errors being chalked up against them.

Score by innings:

		R.	H.	E.
Brunsdons	400021000	7	13	2
Longshoremen	021010000	4	7	5

Batteries—Moir, Bridger (2) and Caddell; Leeson, Byers (4) and Berry.

D SECTION GAMES

Dusties Aces and Chinese Recreation Club registered victories in D section fixtures. Playing at Bullen Park the Chinese softballers turned back Esquimalt A.A., 17 to 12, while at Central Park, Dusties Aces trimmed the 13th Field Ambulance, 18 to 7.

Lawson Little Has Confidence

CHICAGO (AP) — Lawson Little, who has known the heartbreak that tournament golf can bring, is confident his game at last is ready to gain him ranking with the best professionals of the day.

Four years ago this month, Little ran into the most crushing disappointment of his fairways career. Winner of the United States and British amateur titles in 1934 and 1935, he failed to qualify for the 1936 national open championship in

POWERFUL LITTLE GIANT—Mel Ott's swing and the batting eyes which make him one of the most dangerous hitters the game has known. Ott has been a member of the New York Giants in the National League since he left school.

Bays Smash Alerts To Take Boxla Lead

Bellingham to Play Saturday

Joe Martinolich's Bellingham balltossers will return to the Victoria baseball front Saturday to oppose the local all-stars in an international exhibition series. The games will be played at Athletic Park with the matinee attraction at 2.15 and the nightcap at 6.

Bellingham visited here last year and took both ends of the twin bill from the Victoria club. Sammy Baker, University of Washington southpaw, hurled one of the games for the Americans and had 19 strikeouts to his credit. He gave up three base blows. Manager Martinolich has intimated to Victoria Baseball Association that he intends to bring Baker back for Saturday's series.

Victoria All-Stars opened their 1940 exhibition series on May 24 with a double triumph over Bob Brown's Vancouver Athletics. The locals turned in two smart exhibitions, and if they show the same class Saturday, should provide good opposition for the Bellingham squad. The visitors were finalists in the Washington State semi-pro tournament last year at Walla Walla.

GAME TONIGHT

Tonight at the Athletic Park Eagles and Pitzer and Nex will meet in a league game, starting at 6. Victory for the lodgemen will give them possession of the McGavin Cup. Russ Richardson will hurl for the Eagles and Duff Waddell for the gasmen.

EAGLES DEADLOCK BASEBALL LEAD

Eagles are tied with Tillicum Cubs in the top position of the second division baseball league standing as a result of their fine performance last evening.

Eagles handed the Cubs their first defeat of the season, 4 to 3, at Beacon Hill Park in an eight-inning fixture that packed a lot of punch.

Cubs, with Prior hurling and Main behind the plate, opened scoring in the first inning with two runs, Eagles came back with one run in the fourth and three in the fifth. Cubs scored another run in the last inning. Scroggs pitched for Cubs and Miles was the catcher.

At Admirals Road Navy won from Victoria Indians in the same division, 11 to 5. Indians led 4 to 0 when the sailors went to bat in the last half of the second inning. That was the finish of the braves. Navy punched in six runs in that session, three more in the third and two in the fourth.

Batteries were: Navy, Milane and Littlehale; Indians, Albany and George.

JUNIOR OPENER

In junior baseball opener last night at Oak Bay Park, Oak Bay Tigers walloped Tillicum Rainiers, 21 to 1.

Bill Mitchell was the winning chucker, allowing only three hits. He fanned 12 batters.

Doug Malcolm hit two homers and Slingsby checked in with one circuit smash for Oak Bay.

UNITED WORKOUT

A training session of the Victoria United football team will be held this evening at the Athletic Park at 8. All players are asked to attend.

31 Drivers in Speed Classic

INDIANAPOLIS (AP)—Thirty-one United States drivers, one Argentine and a Frenchman with a damaged car will make up the starting field tomorrow for the 28th running of the 500-mile race at the Indianapolis motor speedway.

The French entry is the Italian Maserati, driven by Rene Lebegue, a French soldier. The car threw a piston arm through the crankcase yesterday morning.

Bernard Musnik, manager of the French team, said it would be possible to transfer to Lebegue's car the motor used in the one driven by Rene Drefus, eliminated yesterday by qualifiers with superior speed.

Bill Devore of St. John, Kas., and Floyd Davis of Springfield, Ill., won starting places yesterday.

Rex Mays of Glendale, Calif., won the pole position in the front row with a speed of 127.850 miles an hour.

Norm Baker Fires Home Six Goals

James Bay and Alert Service senior stick-wielding gladiators looked to be a couple of pretty evenly-matched outfits when they collided last night, with the exception of one department. That was the goaltending section.

And it was just that difference that enabled Manager Ted Menzies' boys from across the bay to come out of a rugged 60-minute skirmish at the Willows sports auditorium with a 20 to 17 victory over Rich Williams' transfermen.

With Alerts' attacking line displaying better teamwork, Goalie Art McKim of the Bays had the greatest number of shots by far directed at his pipes during the evening and he did a superb job, never once allowing the opposition the leading position on the scoreboard.

In the other net Ernie Gawley was the Alerts' weak spot, letting shots go by that McKim would have stopped with ease. Most of them were long shots forced by the strong defence in front of him.

Approximately 1,000 persons trooped to the Willows to witness this scene of gutted-stick warfare, which was plenty rough due to heavy, close checking. Eric Holyoak of the Alerts had his nose put out of commission and Henry Cotton of the same outfit had to have a couple of stitches on the top of his head to close a nasty gash. There were other minor hurts.

TAKE OVERHEAD

The victory, by the way, hoisted Menzies' orangeshirts in the premier berth in the race for the laurels. Due to the "Y" circus at the Willows on Friday and Saturday, boxla officials have decided to postpone their games for those nights until next week.

There was lots of excitement for the customers. The breach between the scores on the board was never very great until the llast quarter when Bays smashed up a 14 to 14 deadlock and went on a scoring splurge that carried them through in the victory column.

At the quarter-way mark the Bays had a 5 to 3 lead and they were still one point up when the half arrived, 8 to 7. Things got hotter in the third period and Bays just managed to skip out of a tie score three times, and were on the long end of 14 to 12 count at the period's close.

BAYS ATTACK HEAVILY

In last-quarter play, after three minutes of dueling, Norm Coates sliced Bays' lead a point and immediately after Wally Williams soloed in to score and tie things up for Alerts at 14 to 14. At this point Bays marshalled their attacking power and three rapid-fire goals found the hemp behind Gawley, Tom McKeachie, N. Baker and Ernie Ball firing. Alerts' Jimmy Pickford cut the opposition's lead to 17 to 15, but then again came a smart prolonged attack by Menzies' lads that was not halted until three more shots had found the hemp, through the marksmanship of N. Baker, Bob Wallace and D. Bray, the score being 20 to 15 for Bays. McKeachie accidentally put one in his own goal for Alerts, and Pickford completed his team's scoring just before the whistle.

The big noise of the evening in the goal-getting column was Norm Baker of the Bays. This blond, modest lad accounted for six markers, including two in the last stanza. Carl Ovcharick and Wally Williams of the Alerts were leading scorers in their camp, notching four each. Several players bagged threes.

McLean's Bakery and Douglas Tire wound up an evening's battle deadlocked in the first place in the junior race, through McLean's 20 to 15 victory. At the end of the third quarter Macs were leading 15 to 5, and the tiremen made a grand bid for victory in the final session, bagging 10 goals.

Senior teams and scorers follow:

Officials — Ross and Popham.

Line-ups and individual scorers follow:

Tradesmen Get Extra Army Pay

The army is looking for men who can turn their hand to a score of different things besides shooting a rifle.

As enlistment for the Petrol Company of the Army Service Corps started here this week, recruiting officers explained they are seeking tradesmen whose peacetime training can be used to the utmost advantage in their own crafts.

Men who can do the job draw extra pay depending on their qualifications. The added allowance runs from 25 up to 75 cents a day above the regular army pay.

In the Petrol Company 10 different trades are open. The company needs blacksmiths, carpenters and joiners, coppersmiths, coach trimmers, electricians, fitters, driver-mechanics, turners and clerks for technical motor transport and supply.

Emphasizing the importance of gasoline in modern warfare, recruiting officers explained the Petrol Company has the job of keeping the precious fuel flowing to mechanized equipment. It is the lifeblood of the present day army.

Recruiting is also under way for the 6th Field Company, Royal Canadian Engineers. This unit also wants specialists and has called applications for the following trades: Blacksmiths, carpenters and joiners, clerks, concretors, draughtsmen, electricians, engine artificers, fitters, masons, miners, painters and decorators, plumbers and pipe fitters, surveyors, tinsmiths, engine hands, pioneers and stationery engine stokers.

These two units are being recruited for the Third Canadian Division which is to follow the second overseas.

ANNOUNCE DATES FOR 'Y' CAMP

Camp Thunderbird, the Y.M.C.A. resort on the shores of Glinz Lake, 20 miles from Victoria in the Sooke Hills, will open July 11 with two weeks for older boys and two weeks for juniors, Vivian Shoemaker, boys' work secretary and camp supervisor, announced today.

The older boys, 12 years and over, will go under canvas from July 11 to July 25. The juniors, 10 to 12 years, will take to the outdoors July 26 until August 5.

Preliminary plans are under way for this summer's sessions and from the interest that is being shown already, the camp is expected to have one of its most successful seasons. Leaders are being lined up by Mr. Shoemaker.

Chairman of the committee in charge of the camp is W. T Straith, M.P.P.

RELIEF LISTS 20% DOWN IN B.C.

British Columbia's unemployment relief rolls in April were 20 per cent below those of a year ago, the provincial relief department reported today.

Classed as employable persons drawing assistance were 12,171 heads of families with 34,367 dependents, and 8,114 single persons, a total of 54,652. This compares with 68,589 in the corresponding month of last year.

In addition to the employable persons the government granted aid to 2,153 heads of families who are unemployable, with 4,286 dependents, and 4,212 single persons. This made a grand total of 65,303 individuals dependent on government relief, compared with 79,325 for April last year.

Girls' Drill Team Entertains Troops

The Y.M.C.A. Red Triangle Hut at Macaulay Point last night had one of its most successful functions since opening a few months ago, when the Victoria Girls' Drill Team under the direction of Captain Norman Foster, entertained the troops stationed in its vicinity, with a marching display.

Following the demonstration, dancing was enjoyed and refreshments served.

It was the second appearance of the team at the hut.

The team will leave Wednesday next to represent the City of Victoria at the Portland Rose Festival. A dress rehearsal will be held in the Chamber of Commerce auditorium Monday evening at 8.30.

Severe Quake

A severe earthquake was recorded on seismographs of the Dominion Astrophysical Observatory, Little Saanich Mountain, last evening between 6.02 and 7.20.

Reduction of the records showed that the quake began at 5.58 at a distance of 1,350 miles in a southerly direction.

By combining records received from Ottawa and New York, officials of the observatory found the quake to have ocurred off the coast of Southern California.

NEW YORK (AP) — The Fordham University seismograph recorded a severe earthquake last night at a distance of about 2,850 miles, probably in a southwesterly direction.

The first shock came at 6.05 P.S.T., and the second at 6.12 p.m. P.S.T.

Moon Rolls Over

The moon turns on its axis once during each of its trips around the earth. If it did not make this rotation, we would see every portion of the moon during a lunar month.

LONDONER BUYS POINT COLVILLE

"Point Colville," Sanich Inlet estate of Viscount Colville of Culross at Mount Newton, has been purchased by L. Martin Johnstone of London, England.

The price paid for the property is reported to be in the neighborhood of $25,000.

Mr. and Mrs. Johnstone came to Victoria from London about a month ago, and in the interim have been guests at the Empress Hotel. They formerly resided in Italy.

The palatial country residence, "Point Colville," and the wooded acreage on the shores of Saanich Inlet, has been vacant since Viscount and Viscountess Colville returned to England about two years ago.

NEW CITY HOMES

Three more permits for new homes in the city were issued at the City Hall this morning as time neared for the final opportunity to obtain tax rebates and $50 lots at the month end.

V. L. Leigh, contractor, took out the permits this morning for J. R. M. Scott for a four-room dwelling at 437 Arnold Street to cost $2,150, W. G. and M. A. Scott for a five-room dwelling at 447 Arnold Street to cost $2,600, and W. S. Fawcett for a four-room dwelling at 1778 Adanac Street to cost $2,150.

Auto Club Merger

Amalgamation of the Automobile Club of Victoria with the British Columbia Automobile Association was announced today by officials of the provincial organization in Vancouver.

The merger was completed during a conference between Frank Bird, association secretary, and Victoria Club officials.

Previously operations of the association on Vancouver Island had been limited to districts north of Duncan.

The British Columbia Automobile Association was known until recently as the Auto Club of Vancouver.

TOWN TOPICS

The two playlets recently presented by the ladies of Oak Bay United Church were enjoyed so much by audiences that the ladies have agreed to present a repeat performance. This will be held at Oak Bay High School on Friday, June 7, at 8. The effort is again being sponsored by several leading organizations in the municipality. Total proceeds will be donated to the Red Cross.

Only slight damage was done to cars driven by J. Pogson, 121 Maddock Avenue, and Sergt. Allen Gray, 1st Battalion, Canadian Scottish, when they met in a collision shortly after midnight. Pogson was going east on Gorge Road and Gray west on Gorge Road when the collision occured.

Robert Stancil, appearing for sentence in Esquimalt Police Court this morning after having been found guilty of theft of a watch, was sentenced to 10 days by Magistrate H. C. Hall. Stancil said it was his intention to join the army and asked for leniency so that he would be able to do this. The magistrate, noting the need for men in the army at the present time, said he would take Stancil at his word and make it easy for him to do so by giving him the lightest sentence possible.

U-Boats Try Again

VIGO, Spain (AP) — German submarines today attacked two ships five miles from Salvora Island, off Spain's northwestern coast.

A French merchantman, the Marie Jose, about 5,000 tons, was battered by shellfire but remained afloat and was being towed into Vigo.

(The attacks were the first evidence of German activity in Atlantic shipping routes since the invasion of Norway and Denmark last April 9.)

No Economic Gain

LONDON (CP) — Germany gained little economically by capitulation of the Belgian army, an authoritative source said today, declaring Belgium had practically no oil stocks left and her iron and steel industries had been wrecked.

Fills Arms Post

OTTAWA (CP)—W. F. Drysdale, vice-president of the Montreal Locomotive Works since 1932, has been appointed director of munitions of the Department of Munitions and Supply, it was announced today. He will serve without remuneration.

Move Aliens

LONDON (CP) — Two trains took 1,500 enemy alien women from London to internment camps today. Some had children with them. The women previously had been in "category B" —aliens restricted in movement.

Rules Netherlands

LONDON (CP) — The German-controlled Netherlands radio heard in London today announced that Arthur Seyss-Inquart (above), former Austrian Nazi leader, assumed supreme authority over civil government in the conquered Netherlands at noon.

German Claims

BERLIN (AP)—The German high command, in a special statement today, said:

"Our troops, pressing their attack aimed at the destruction of the English army, stormed Ypres and Kemmel."

(There was no word on this report in London or Paris.)

Ypres, an important Belgian highway junction, is the sector where Canadian troops in the first Great War encountered the first German gas attack. It lies a little more than 20 miles from the Channel coast, northwest of Lille.

Earlier, in its regular forenoon communique, the German high comand said:

"The fate of the French armies in Artois is sealed. Their resistance in the region south of Lille collapsed.

"The English army which has hemmed together in the region of Dixmude, Armentieres, Bailleul and Bergues, west of Dunkerque, also is facing destruction through our concentrated attack.

(The British War Office announced that the British Expeditionary Force, still intact, was successfully withdrawing towards the sea.)

"Bruges was passed in the swift advance through northern Flanders, Ostend was taken and Dixmude reached.

(This was not confirmed in Paris or London).

HEAVY FIGHTING

"On the Yser and the Yser Canal, north of Ypres, the enemy was still offering despereate resistance.

"The Reich's war flag is flying over the memorial of German youth at Langemarck, the scene of their courageous fights in 1914.

"Lille has been reached in the attack from the east and west. The city has been taken. Advancing from the west, Armentieres was occupied.

(These reports were not confirmed by London or Paris statements).

"At Bailleul there is still fighting. East of Cassel, a fortified French border position which was defended by the opponent with a reversed front, was broken through and the Belgian border reached. At Wormhoudt, the fighting is still in progress.

"On May 28 the air force raided retreating columns and all kinds of troop concentrations and tanks. In the course of armed reconnaissance off the Belgian and French coast and in the Channel three destroyers and two transports and two freighters were bombed and seriously damaged. One enemy submarine was sunk by a bomb in the central North Sea. Destruction to an additional U-boat was probable.

(These claims were not confirmed in London.)

"Despite unfavorable weather, German speedboats succeeded off Nieuport in sinking by torpedo hit a big enemy destroyer on flight to England. On the south front, isolated attacks by enemy infantry and tanks were repulsed.

(The loss of a destroyer was not reported in London.)

Pay Plan Considered

OTTAWA (CP)—Hon. Norman Rogers, Minister of National Defence, promised in the House of Commons that his department would consider suggestions from several members that soldiers on leave in Canada be furnished with transportation to their homes and permitted to draw advances on their pay.

CANADA'S PLANTS OPEN TO BRITAIN

WINNIPEG (CP) — Investigation as to how British and Canadian industries might co-operate to protect export markets so British manufacturers might have a second line of defence in Canada in case of necessity, were reported by the commercial intelligence committee today at the annual meeting of the Canadian Manufacturers' Association.

A special committee was set up for this purpose and a circular was sent to all members of the association. As a result more than 100 C.M.A. members offered their facilities to manufacture to the order of some United Kingdom manufacturer, for the duration of the war only, certain goods for specified overseas markets.

Rare, Isolated Plant

The curious Welwitschia plant is found in only two isolated areas of the desert regions of southwest Africa, and it is estimated that only about 100 plants survive today. The leaves grow to a length of 10 feet; while a tap root descends deep into the soil in search of moisture.

$600,000,000 More For U.S. Defence

WASHINGTON (AP) — President Roosevelt and war department officials were reported today to be considering a supplemental defence program for army equipment, planes and mechanization which would add more than $600,000,000 to the preparedness expenditures already projected.

Following a conference, in which Treasury Secretary Henry Morgenthau, War Secretary Harry Woodring, Louis Johnson, assistant war secretary, and General George C. Marshall, army chief of staff, reviewed army needs with the President, there were indications Mr. Roosevelt would ask Congress for the further expansion of the defence program within a few days.

The $600,000,000 would be in addition to the $1,182,000,000 which Mr. Roosevelt already has requested.

his first venture as a professional.

Monday he put together rounds of 65 and 69 to show the way to more than 1,100 players who tried to qualify for the open championship June 6 to 8 at Cleveland.

"From 1936 on I spent about three years on an exhibition tour," Little said. "I know now that this was too much golf. It got so that every round was just another round to be played as quickly as possible — a state of mind bad for any golf game. So I took a six months' rest and then won the Los Angeles open last January.

"Since then I've been playing well."

Pay Tribute to Late Magistrate

Tributes to the memory of the late Magistrate George Jay were paid by Magistrate Henry C. Hall, C. L. Harrison, city prosecutor; Chief of Police John A. McLellan and Gordon A. Cameron at the opening of the City Police Court this morning.

"For 29 years Mr. Jay occupied this bench and established himself as a person of great ability, understanding and integrity, and during that long period, in routine and times of stress and strain he acted justly and fairly in all cases that came before him," said Magistrate Hall.

The magistrate referred to the late Mr. Jay as one who did a splendid service to the community and one who was highly respected here and elsewhere. "On behalf of the court and personally I wish to express deep regret over this great loss to our city," Magistrate Hall said.

Mr. Harrison expressed surprise at the sudden passing of the former magistrate and spoke of his ability to keep on "an even keel" when handling difficult cases, and in times of difficulties such as the world was now passing through. Mr. Cameron, as a junior member of the bar, also added expressions of regret.

Chief McLellan said Mr. Jay was always looked upon as a friend, not only by members of the police department, but by every other organization in the city. He realized the difficulties of the police in trying to enforce the law, and always took those things into consideration. He had the ability to size up a situation without stirring up excitement over it. "I wish to join with the court in paying respects to a fine man," the chief said.

TOWN TOPICS

The First United Church choir practice scheduled for tomorrow evening has been postponed owing to the death of the leader, W. C. Fyfe.

Centennial United Church has invited all former choir members to a practice tomorrow night at 8 in the church so that they may assist in the singing of special music Sunday.

A Chinese was fined $10 for failing to have a muffler on the exhaust pipe of his car, six motorists were fined $2.50 each for overparking, another the same for parking more than 12 inches from the curb and another $10 for exceeding the speed limit, in police court today.

James Ross, Dal Le Marquand and Igor Potsalie, charged with unlawfully stealing three doors of a value under $25, the property of Frederick Galley, 870 Topas Avenue, were remanded for sentence by Magistrate H. C. Hall in City Police Court today. All three entered pleas of guilty.

Corporal Frederick Smith, a cook of the 1st Battalion, Canadian Scottish, found guilty of stealing 36 loaves of bread and two pounds of butter from His Majesty the King, was given suspended sentence by Magistrate H. C. Hall when he appeared for judgment this morning in Esquimalt Police Court.

Lieutenant Governor E. W. Hamber, who is now in Vancouver on business, addressed a gathering of about 1,500 persons last night at the annual conference of the International Brotherhood of Locomotive Engineers. Representatives from every province of Canada and every state in the United States attended the meeting. His Honor will return to Victoria tomorrow.

Two youths were charged in the City Police Court this morning with theft of a car from the C. and C. Taxi Company last night. They were remanded until Friday. The car was taken from 1329 Franklin Terrace about 10.30 last night, but 10 minutes later it was recovered. The senior youth was caught, but the juvenile got away, later giving himself up at the police station.

The Saanich Council last night tabled a resolution proposed by Reeve Lambrick urging the federal government to form a war cabinet representative of all parties to guide the Dominion war effort. The resolution was similar to those passed by Canadian Legion branches of the island. Members of the council felt government action of the last few days indicated a speeding-up of the war effort and thought the resolution should be tabled for the time being.

WINDOW CLEANER INJURED IN FALL

Back and head injuries were suffered by E. F. Murton, 2945 Admirals Road, this morning as a result of a 20-foot fall while at work cleaning windows of the Odd Fellows Hall on Douglas Street. He is at St. Josephs Hospital under the care of Dr. Lloyd W. Bassett.

Mr. Murton is employed by Gregg's Window Cleaning Company, and, according to a police report, did not have the protection of a safety belt.

Mr. Murton's injuries might have been worse had it not been for the sign over the Maynard and Tallack shoe store. This broke his fall. He landed on the sidewalk, narrowly missing three women. The sign was wrenched off its hanging in the shoe store doorway.

TODAY HOTTEST

At 1.30 today as store employees left for the Wednesday afternoon holiday, the thermometer at Gonzales Meteorological Observatory registered 78 degrees, the highest temperature of the year.

Yesterday a maximum temperature of 73 degrees was the highest for 1940.

The five degree increase over yesterday's record was felt in town, and beaches and lakes lured picnic and swimming parties.

The warm weather will not last, though, according to the forecast, which reads for Thursday: Fresh northerly winds partly cloudy and cooler.

A BRITISH SPIRIT IS NOT PRIDE. It's something that reaches far, deep and wide. True, some are filled with conceit, but that is a dis-ease of the mind that will seep and seep till that life is extinct. Yet the British flag will never fall, till earth is freed of man's hellish mail—of selfish, crafty greed. Daily enjoy Golden Loaf Bakery Building foods and keep fit.

KIPLING NOVEL SCREENED HERE

The motion picture treatment of Rudyard Kipling's greatest novel, "The Light That Failed," came to the Atlas Theatre today, and it is an unqualified success.

With Ronald Colman in the starring role, supported by Walter Huston, Ida Lupino, Muriel Angelus, Dudley Digges and over 400 others, it is painted on heroic canvas, has plenty of thrills and reaches dramatic heights which have been equalled seldom in motion pictures. For this, much credit is due to William A. Wellman for his masterly direction.

'My Son, My Son' Showing Tomorrow

"My Son, My Son," comes to the Capitol Theatre tomorrow. Madeleine Carroll, Brian Aherne and Louis Hayward play the leading roles in the screen version of Howard Spring's best-selling novel of 1938. The story of "My Son, My Son" is told with a variety of feeling, ranging from light-hearted gaiety to gripping pathos in its more dramatic scenes.

There are plenty of humorous moments through the picture, and Miss Carroll and a new actress, Laraine Day, supply a new type of romance.

The plot of "My Son, My Son" is an ancient but rarely used one: the story of a father and a son who find themselves interested in the same woman.

PLAZA THEATRE

The dreamy influence of Strauss music, the graceful undulations of the old-time waltz exercise an irresistible charm on the spectators of the ballroom scenes in "Sixty Glorious Years," new production in Technicolor of the intimate life of England's famous Queen Victoria, played by Anna Neagle, with Anton Walbrook in the top featured role, now at the Plaza Theatre.

Link With Ottawa Aids B.C. Industry

WINNIPEG (CP)—Industry in British Columbia has derived substantial benefit through the provincial government's appointment of a permanent representative in Ottawa, the British Columbia division of the Canadian Manufacturers' Association said in its annual report today.

"The major effort of the British Columbia division during the past year has been in the direction of organizing British Columbia industry so as to ensure the maximum contribution therefrom in the war effort," the report said.

Other work of the association, however, did not suffer and the division ended the year with a net gain in membership.

USUAL 6% DIVIDENDS

BASEL, Switzerland (AP)—On its 10th anniversary today the Bank for International Settlements voted the usual 6 per cent dividend for the financial year ended March 31.

Chief of Staff

Gen. John G. Dill, above, 59-year-old strategist and one-time commander-in-chief in Palestine, replaced Gen. Sir Edmund Ironside as Chief of British Imperial Defense Staff when Gen. Ironside was called home for the all-important task of heading English Home Defence.

HOW TO OVERCOME ITCHING PILES

If you are annoyed with itching piles or rectal soreness, do not neglect the same or run the risk of an operation. Any itching, soreness or painful passage of stool, is nature's warning and proper treatment should be secured at once. For this purpose get from Modern Pharmacy or Cunningham Drug Store—or any druggist—a package of Hemroid and use as directed. This formula, which is used internally, quickly relieves the itching and soreness and aids in healing the sore, tender spots. Hemroid is highly recommended, is easy to use and it seems the height of folly for anyone to risk an operation when a simple remedy, which is so pleasant to use, may be had at such a reasonable cost.

Hitler's Revenge Theme of Picture

The Nazis have not forgotten the part the United States played in the first Great War, Adolf Hitler has as one of his aims revenge against the United States for siding with the Allies. This is the opinion of Cornelius Vanderbilt Jr., whose motion picture, "Hitler's Reign of Terror," first authentic picture of the Nazi regime in Germany, will open at the Plaza Theatre on Thursday.

Edwin C. Hill, noted journalist and radio and screen commentator, colaborated with Mr. Vanderbilt in the production of "Hitler's Reign of Terror," which has been sub-titled "The Nazi Menace in America."

OAK BAY THEATRE

Despite his rotund build, Oliver Hardy is one of the film colony's leading sports addicts. Aside from being an ardent golfer, Hardy is an enviable disciple of Izaak Walton. During filming of "A Chump at Oxford," in which he co-stars with Stan Laurel at the Oak Bay Theatre, Hardy did not have time for fishing interludes.

RIO THEATRE

A broadcasting station, a newspaper office and a courtroom are the principal settings of RKO Radio's thrilling newspaper drama, "Sued for Libel," now being shown at the Rio Theatre. Kent Taylor and Linda Hayes play the leading roles in this exciting story, and Lilian Bond and Morgan Conway have supporting roles.

DOMINION THEATRE

Glamorous Zorina was borrowed by 20th Century-Fox from Samuel Goldwyn to play the title role in "I Was An Adventuress," in which she finds love with handsome Richard Greene, Erich von Stroheim and Peter Lorre are the conspirators who almost wreck her happiness in the romantic drama now at the Dominion Theatre

TRAVEL WRITERS TO VISIT JASPER

Travel experts who provide reading information for a group of midwestern United States daily newspapers will next month see for themselves the beauties and wonders of the Columbia icefield in Jasper National Park, on the spectacular new Canadian Rockies highway.

These writers representing dailies in Detroit, Cincinnati, Chicago, St. Paul, Minneapolis, Spokane, Seattle and Portland, will make a summer preview visit to various national parks. The Pacific Northwest Tourist Association which arranged the tour, has included the Canadian Rockies in the itinerary. The travelers will reach Jasper during the last week in June. Afterward they travel through Columbia over the new Big Bend Highway.

The good neighborly aspect of the outing will be enhanced by the presence of W. Bruce MacNamee, director of the United States Travel Bureau, Washington, D.C., an organization established on the lines of the Canadian Travel Bureau, and founded largely because of the success of the Dominion's activities in attracting travel to Canada.

The visit of the writers is receiving the active support of the lands, parks and forests branch of the Federal Department of Mines and Resources.

Lieut.-Governor Asks Full War Effort

VANCOUVER (CP)—Lieutenant-Governor E. W. Hamber, in an address at the opening session of the 13th annual international western union meeting of the Brotherhood of Locomotive Engineers, last night described the present conflict in Europe as one being waged against "the most ruthless, brutal and inhuman forces the world has yet known—Nazism, lust for power and domination of the world."

"We have our backs to the wall and will have to undergo trials and tribulations," he said. "We must make many sacrifices and must crush out any subversive elements within our midst."

"We must arouse our people—from the Atlantic to the Pacific, from the Arctic to our southern border—to the seriousness of the situation, and see to it that every effort in men, materials, money and service is offered to our government.

"In this I know labor, along with all other loyal Canadian bodies, will unhesitatingly do its part. Canadians are determined that our democracy and liberties, won and enjoyed through generations . . . will not be allowed to perish, casting civilization back to the tyranny of the jungle," he concluded.

Plot Discounted

NEW YORK (AP)—Two anonymous telegrams saying British agents had been planted aboard the United States liner President Roosevelt to blow up the ship after she leaves Eire with a load of Americans have been received by Joseph Curran, president of the National Maritime Union (Congress of Industrial Organization), he said yesterday.

Both were turned over to the United States Lines, which gave them to the Department of Justice. Federal agents expressed belief the messages were sent by a "crack-pot."

Old Tug Built Here Again in Service

Built in Victoria in 1911 and operated out of this port for many years by the Vancouver Island Towing Company, subsidiary of the Canadian Puget Sound Lumber Company, the tugboat Olive M. has been completely refitted and will ply out of Vancouver as Sea King I.

Capt. Ellis Caven was master of the tug when she was operating out of Victoria in connection with the lumber company's plant in the upper harbor.

Renamed Sea King I, the 85-foot tugboat is now a unit of the fleet of the Harbor Towing Company Ltd., of which Capt W. G. Dolmage of Vancouver, is the head.

Equipped with a new 400-horsepower Atlas-Imperial Diesel engine, Sea King I underwent satisfactory tests on Monday in Vancouver harbor with a representative company of towboat tycoons aboard.

Hikawa Maru Friday

Following the Heian Maru here within a week, Ms. Hikawa Maru of the Nippon Yusen Kaisya, scheduled to reach William Head at 3 Friday morning, carries 136 passengers but less cargo than usual.

The freight on the Hikawa for Vancouver and overland amounts to but 560 tons, including 30 packages of silk. Passengers for Vancouver, in all classes, total 66, and 70 will disembark at Seattle.

J. J. Forster Here

John J. Forster, general passenger agent, Canadian Pacific Steamships, arrived in the city this morning from Vancouver.

Navigation Aids Out

In a notice to mariners, Col. A. W. R. Wilby, agent for the Department of Transport, advises that the light on Northside Jetty Beacon No. 4, Fraser River, has been destroyed.

It is also announced that the red wooden spar buoy marking the point at Welcome Pass, Strait of Georgia, is missing from its position.

Both aids to navigation will be replaced in the immediate future.

List Ship Losses

LONDON (CP)—Authoritative circles today reported vessels sunk "by enemy action" in the week which ended May 19 included one British ship of 629 tons, three Allied vessels totaling 29,552 tons, and four neutral ships totaling 16,120 tons. These circles said the German tanker Kattegat, 6,031 tons, and the steamship Rosario, 6,079 tons had been sunk by the Norwegians, bringing Germany's total shipping losses up to May 19 to around 830,000 tons.

To Run Blockade

BELEM, Brazil (AP)—The German freighter Koenigsberg, 6,466 tons, sailed out to sea yesterday, her commander declaring he believed that if he could get on the high seas he could take his ship with its $800,000 cargo of rubber through the Allied blackade.

On February 8 the freighter sailed in an attempt to run the blockade but returned eight days later.

Eight German vessels still remain in Brazilian ports.

Grain Volume Doubled On Alberta Railway

EDMONTON (CP) — Nearly 16,000,000 bushels of grain have been shipped from the north country this season or more than double the volume handled in the similar period of the previous year, according to figures issued today by J. M. MacArthur, general manager of the Northern Alberta Railway.

Between August 1 and May 21 the railway handled 15,800,000 bushels of grain, compared with 7,300,000 in the same period of the 1938-1939 crop year.

Grain stored in elevators totaled 2,000,000 bushels, compared with 750,000 bushels a year ago, said Mr. MacArthur.

Herring Catch Doubled

VANCOUVER (CP)—Total herring catch for the 1939-1940 season amounted to 150,589 tons, more than twice that of 1938, according to final production figures released by the chief supervisor of fisheries for British Columbia.

All records were broken this season by the canned herring pack, with a total of 415,466 cases, compared with 23,356 cases for 1939, it was revealed.

Substantial increases were also shown in production for herring meal, which reached 23,195 tons, as against 9,624 tons in 1938, and output of oil, which was 1,722,170 gallons, compared with 929,168 in 1938.

URGES U.S. FIGHT

BOSTON (AP) — Commander Robert C. Lee, executive vice-president of Moore-McCormack Steamship Lines, said last night: "There is already evidence that we are spawning a large number of a new kind of American—a youth who is afraid to fight.

"If this number is allowed to increase, our doom is sealed," he told the Propeller Club in a prepared address.

"I believe we still possess the elements of greatness, but the sooner we get into this fight, which is inevitably coming to us, the better," Lee said.

"The Germans believe they are fighting for 'Liebensraum.' They know that the only really golden living room left in the world is the western hemisphere."

Refugees on Sythia

NEW YORK (AP) — Bearing 300 Jewish refugees, the British liner Scythia docked yesterday after a voyage from Europe made eventful only by the persistence of one passenger who insisted on promenading the decks shouting "Heil Hitler!"

Ship's officers said they feared that 175 returning Canadian soldiers might toss the German sympathizer overboard and for his own protection he was finally locked in his stateroom. At Halifax he was turned over to Canadian immigration authorities.

The Scythia left Liverpool May 16. She carried 571 passengers to New York.

Suspension of Aliens In Shipyards Urged

VANCOUVER (CP) — Members of the Waterfront Veterans' Association last night urged suspension of all enemy aliens connected with the shipping industry in Canada for duration of the war.

British Vice-Consul Dies in San Francisco

SAN MATEO, Calif. (AP) — George E. Oxborough, 55, British vice-consul in San Francisco, died in Mills Memorial Hispital here today of a heart attack. He had been confined in the hospital for several weeks.

Oxborough had been attached to the consulate in San Francisco for five years. Previously he was a mining engineer and accountant in Chile for many years.

Hiawatha Anniversary

The streamlined train Hiawatha, operated by the Milwaukee Road, between Minneapolis and Chicago, today marked its fifth anniversary of service. Since the Hiawatha entered service May 29, 1935, the modern streamliner and the overflow sections operated frequently to meet traffic demands, has carried nearly 1,500,000 passengers, an average of more than 800 daily. The figures do not include passengers traveling on the morning Hiawathas, which commenced service last year.

Deportation Bill

WASHINGTON (AP) — The House of Representatives rules committee voted unanimously today to give legislative right-of-way to a bill directing the U.S. Secretary of Labor to deport Harry Bridges, west coast Congress of Industrial Organization leader.

C.N.R. Revenues Up

MONTREAL (CP)—Increase of $1,365,398 was reported by Canadian National Railways in net revenue of $1,688,981 for April, against $323,583 in the corresponding month of 1939. Operating revenues increased $3,213,863 over April, 1939, to $17,666,164 and operating expenses increased $1,848,464 to $15,977,183.

For the four months ended April 30 net revenue totaled $7,126,942, compared with a deficit of $1,966,355 for the corresponding period of the previous year. Operating revenues increased $15,390,536 to $17,040,279 and operating expenses increased $6,297,239 to $63,913,337.

More Advertising In Newspapers

TORONTO (CP)—Advertising lineage reported by 57 newspapers, representing 83 per cent of total circulations, showed a gain 3.4 per cent in April over the same month last year, the Bureau of Advertising, Canadian Daily Newspapers' Association, announced yesterday. This is the fourth consecutive month in which an increase was noted.

National advertising lineage rose approximately 1 per cent, retail 4.5 per cent, and classified 4.6 per cent. Total was 23,438,945 in April, 1940; 23,675,585 in April, 1939.

Wheat

WINNIPEG (CP)—Absence of selling pressure turned the trend of wheat futures prices upward on Winnipeg Grain Exchange today. Buyers also displayed cautiousness throughout most of the quiet session but quotations held firm to close 2 to 2⅛ cents higher, May at 74⅞, July 75⅞ and October 73⅜.

Mills were credited with minor purchases in connection with small export and domestic sales of flour while outside interests supported the market from time to time with light buying. Some observers believed the outside purchasing may have represented overseas sales of Canadian wheat.

Chicago wheat values finished with small gains while the new government order fixing Argentine grain quotations lifted Buenos Aires wheat prices more than four cents.

Coarse grains made minor advances in featureless trading. In the cash wheat market there were moderate sales of No. 4 Special, No. 5 wheat and Nos. 1 and 2 garnets.

Yesterday's country marketings totaled 323,000 bushels compared with 221,000 delivered by western farmers on the same day a year ago.

CHICAGO (AP)—The loss suffered by wheat prices following news of the Belgian surrender was wiped out today as the market extended its recovery movement that began in the final hour of trading yesterday.

Sharply higher prices at Winnipeg and Buenos Aires and firmness of securities strengthened confidence in wheat values.

General Rising Trend

NEW YORK (AP) — Stocks worked a point or so higher in a war-burdened market today and bonds and commodities followed the upward lead.

Traders moved hesitantly, avoiding heavy commitments prior to the Memorial Day closing tomorrow, and only about 650,000 shares were exchanged. Some of the longer gains were pared near the close.

Steels, motors and most other war babies received the majority of support throughout the session.

Favoring during most of the day were General Motors, Chrysler, U.S. Rubber, Eastman, Allied Chemical, American Can, Kennecott, Phelps Dodge, American Telephone, Western Union and Great Northern preferred.

RE-APPOINTED PRESIDENT

NEW YORK (AP)—The board of governors of the New York Stock Exchange yesterday reappointed William M. Martin president of the exchange for a one-year term beginning June 1. Martin, who is 32, became president of the exchange more than a year ago, following a reorganization of its administration.

$43,000 FOR MEMBERSHIP

NEW YORK (AP) — Bearing the lowest price tag in 25 years, arrangements were made today for the sale of a membership in the New York Stock Exchange for $43,000.

No lower price has been paid for a seat on the big trading floor since 1915, when one changed hands for $38,000.

STEEL CAR UP 4

MONTREAL (CP) — Quiet but effective buying gave the stock market a somewhat brighter aspect today.

National Steel Car had a gain of four while C.P.R., Dosco and Canadian Car were up fractions. Price Brothers and St. Lawrence Paper Preferred were up a point each.

Algoma Steel and Asbestos scored gains of a point each. Senior oils firmed fractions.

Montreal Power and Nickel had slight additions.

3—Work for Soldiers

When Florence Nightingale received the letter from an officer of the government, she was excited. Her excitement grew as she read it to the end.

The officer was Sidney Herbert, a member of the British cabinet. He wanted her to take charge of a group of nurses who were to go to Turkey to care for wounded British soldiers.

Map of the Crimea and the Black Sea regions.

"I don't want to press you," he wrote, "but I think on your decision will rest the success or failure of the plan. Would Mr. and Mrs. Nightingale give their consent?"

Happily the parents were quite willing to have their daughter do this work for the soldiers. Inside of two weeks, Florence and 40 other women left London for the Crimea.

The Crimea includes a jut of land in the Black Sea. At that time it was a battleground in a war, with Russia on one side and Great Britain, France and Turkey on the other. The fighting was fierce, and each day brought its story of suffering.

In many wars more persons have died in hospitals than on the field of battle. Soldiers fall victims of disease as well as bullets.

In the Crimean war, hospitals had been put into service near Constantinople. This city is in Europe, just across a strait from Asia Minor. At present it is known as Istanbul.

Florence Nightingale and her 40 nurses crossed France on their way to the hospitals. Then they boarded a boat and were carried to Turkey. They arrived on a November day in 1854.

In the main hospital at that time there were 1,715 sick and wounded persons. Among them were 120 who were down with the fearful disease known as cholera.

The death rate was high, and Florence Nightingale soon saw the main reason. The hospital was "loaded with dirt." The rooms were "infested with rats, mice and vermin." In a letter which she wrote at this time, she said, "The vermin in this place might (if they worked together) carry off the four miles of beds on their backs!"

What could two score women do to make things better? Their leader was quick to act. Scrubbing brushes were obtained, along with soap and water, and the great task of cleaning up the place was started.

HOROSCOPE

THURSDAY, May 30

This should be a fortunate day for brain-workers, especially lawyers and educators. There is an adverse aspect early in the morning which may encourage indirectness of speech and action, if not absolute double dealing.

This is a day for routine activities in the household. Hundreds will keep secret their losses in speculation and wives may be inclined to borrow from the household budget.

The summer is to be noteworthy for success in the use of novel inventions. Salesmen will profit.

The stars indicate that there may be lack of sympathy between General Franco and Mussolini as Spain gains the limelight in the European kaleidoscope. For the British Government the loss of a powerful statesman is foretold. Heated discussions in parliament are prognosticated as our policies come under severe criticism. Next month is to be of supreme importance in the history of Europe, due to surprising developments.

Persons whose birthdate it is have the augury of a year of mingled good with perplexing situations. New associations will be beneficial.

Children born on this day probably will be sensitive and high strung. Many may develop marked artistic talents.

Spider Transports Young

The wolf spider carries her young on her back until they are old enough to shift for themselves. The brood often consists of 150 spiderlings.

THIS CURIOUS WORLD

By William Ferguson

ANSWER: Some giant cypress trees of Mexico are estimated to be 6,000 years old .... much older than the big trees of California.

Dorothy Dix's Letter Box

DEAR MISS DIX—We have a nice, comfortable home in a wealthy town, but it is on the wrong side of the tracks. When we built the house we did so because the location was so beautiful and we were anxious to get into the country and didn't realize that this end of the town had a bad name.

We have three children who are of school age so we are wondering whether we should sell or rent this place and move to a more desirable location, and we have talked it over until we are blue in the face.

In the winter my husband raves about it being too far from his work, as he hates to drive in the snow. In the spring it is so pretty that he hates to sell. What do you think we should do? BOOTS.

Answer—It is hard to give up a beautiful home that you love, and especially one that you built and where your heart has struck down roots in the ground with every flower and shrub you planted.

But, on the other hand, you have children whose welfare you have to think of first, and environment will play a very important part in not only molding their characters, but also their destinies.

You know the kind of people you want your children to grow up with and to be friends with. You know that your children will take on the manners, the speech, the accent and even the peculiarities of the children they associate with.

It is hard on parental vanity to face the fact that the children their children play with and go to school with have far more influence over them than they have. But it is true.

So if you don't want your cultured little Percy to say "dis" and "dat" and "dose" and use grammar that sets your teeth on edge because some hoodlum who is the school hero does, I am afraid you will have to take him where the background will be better.

DOROTHY DIX.
